Mail Service Cutbacks Loom For Saturday

House Subcommittee Rejects Post Office Plea For More Funds

WASHINGTON (AP) — The Post Office Department appeared ready today to go through with sharp cutbacks in postal services unless it gets the 47 million dollars it says it needs for the next three months.

The cutbacks would go into effect Saturday.

A House Appropriations subcommittee recommended Wednesday that the department be given 17 millions.

There were indications that even this might have rocky going in the full Appropriations Committee. Rep. Cannon (D-Mo.), chairman of the full committee, accused the Post Office Department of an 11th-hour attempt "to sandbag us with threats."

Mailmen Back Stand

The department's stand was backed by spokesmen for organizations of mailmen and postmasters, who protested that denial of the 47 millions would be "disastrous" to the mail service and to postal employees.

The Appropriations subcommittee acted Wednesday after Postmaster General Summerfield reportedly told it he needed the extra funds to operate through June 30 because of heavier-than-expected expenses.

Summerfield was quoted as saying that unless he was given assurances that his department would get the 47 millions, he would have to order immediate drastic service reductions, including a halt in city and rural mail deliveries on Saturdays, and closing of post offices on Saturdays, discontinuance of money order sales and reduction of mail deliveries in city business districts to one a day.

Republicans Asked Full Sum

Republicans on the nine-man subcommittee tried to get the full 47 millions, but they were outvoted by the Democratic majority, which settled on the 17-million-dollar figure. The committee Democrats contended that smaller amount was all that could be attributed to expenses the department could not have foreseen last year.

William C. Doherty, president of the National Assn. of Letter Carriers, said the 17 millions would only take care of automatic increases in salaries of postal workers. He described the situation as "disastrous and catastrophic."

Tornadoes Rip Across Dixie States

By The Associated Press
Tornadoes boiling out of the Southwest swept across frightened Dixie Wednesday night and today as they ripped out a death-and-destroyer path toward the North-east.

At least one person was killed, scores injured and dozens of buildings wrecked.

Tennessee, Kentucky and Mississippi were hardest hit by the storms which followed earlier tornadoes in Texas, Oklahoma and Arkansas. Drenching rains followed, disrupting highway travel in many areas.

The southern Mississippi Negro community of Sylvestra was hit early today. Louise Jones, 65, was killed. Two more communities felt the tornado's wrath as it moved on toward Tennessee.

Officials said 50 to 75 patients were hurt when the storm struck the Negro infirmary at the Mississippi State Sanitarium near Jackson. A small community near Glen Allen, in the Greenville area, lost about 15 homes to another tornado. Four persons were hurt.

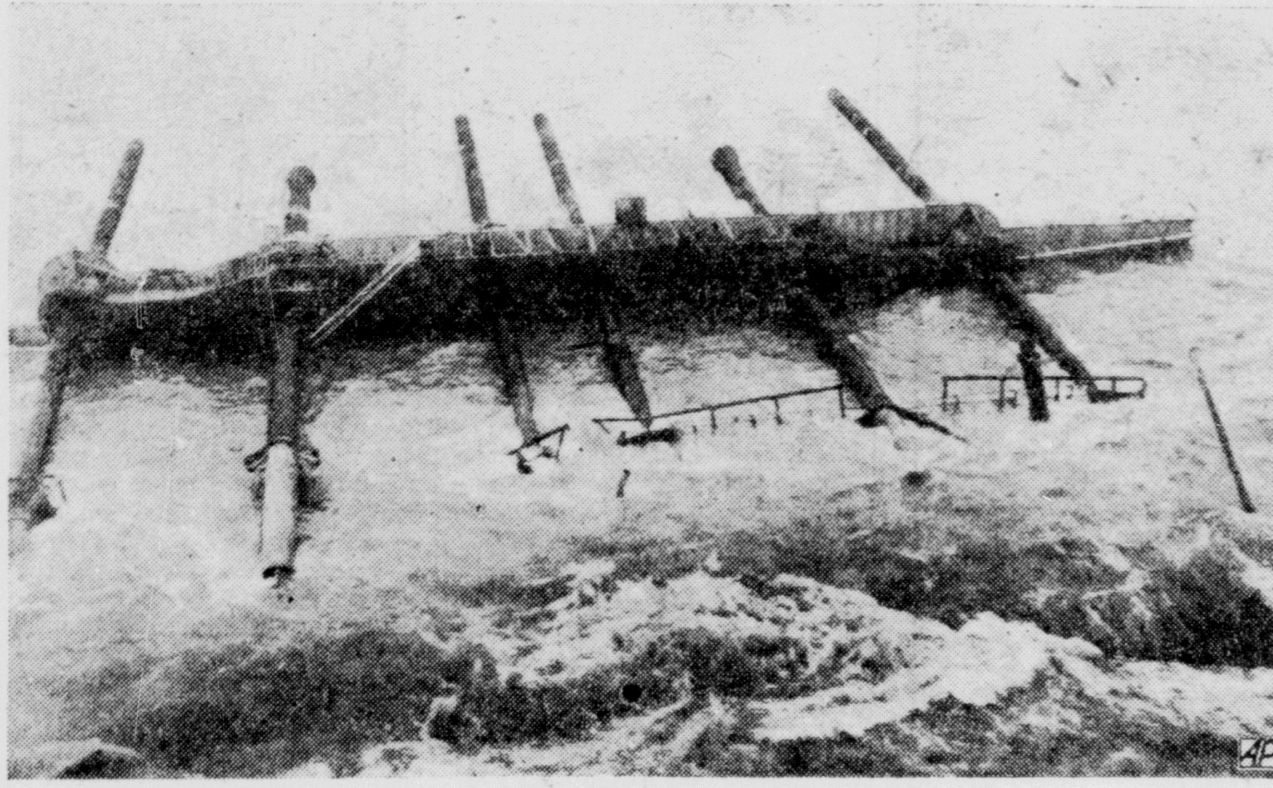

Two Tennessee communities, Selmer and Chesterfield, were hit early today. Eight houses were blown down at Selmer and two were smashed at Chesterfield.

The Tennessee Highway Patrol said roads were covered by torrential rains, which halted traffic and disrupted communications.

Three children and an adult were injured Wednesday night by a tornado which ripped through a section of Nashville and suburban Belle Meade. Trees were uprooted, roofs blown off and windows smashed, while a downpour flooded some residential streets.

COSTLY WRECKAGE — "Mr. Gus," the 3 1/2 million dollar offshore drilling rig owned by C. G. Glasscock Drilling Co., lies on its side in about 35 feet of water in the Gulf of Mexico after falling off Wednesday. The rig was about 35 miles south of Corpus Christi, Texas, and three miles off Padre Island. It was being moved when the earth under it gave way under it on March 31. High winds prevented driving of piling which might have saved the rig.

Leetonia Council Studies Surface Water Supply; Gas Rate Adopted

LEETONIA — Village Council will obtain a survey of the costs for installing a surface water or open reservoir here to replace or augment the present reservoir which is a closed tank, it was decided at the Council session Wednesday night.

Council authorized the Leetonia Board of Public Affairs to contact the Walpert Engineering Co. of Dayton to arrange for the survey, following a discussion of the possibilities of executing a change in reservoirs.

A surface water supply, similar to Salem's would provide the community with a better and more adequate supply, it was pointed out. The present reservoir tank is at the north edge of town.

An ordinance calling for an increase in gas rates passed a third and final reading at the Council

meeting. The Ohio Fuel Gas Co. presented the proposal which establishes a 15-year franchise, with the ordinance to run for a four-year period. However, after two years, negotiations may be re-opened by either Ohio Fuel or Council. Delmar Smith of Ohio Fuel Co. was present.

Ordinance Introduced

Given first reading was an ordinance which requires Leetonia citizens in vehicles to halt while a school bus is loading or unloading within the village limits. Police Chief Henry Gibson read a similar ordinance adopted at Columbiana. The ordinance specifies an emergency clause which enables the ordinance to go into effect immediately following the third or final reading.

Councilmen Joe Weikart and Vic Hedl reported that the cables on

three traffic caution lights at village intersections have been repaired.

Complain of Dust

In other action, James Ciminnelli and William Navejosky, Chestnut St. Ext. residents, appeared before Council requesting action to stop dust from nearby school property from blowing into the homes and yards of Chestnut St. Ext. residents.

Ground from a bank behind Leetonia High School has been washing into Chestnut St. Last year, honeysuckle was planted by school officials on the bank, but the vines did not grow.

Council members will inspect the area Saturday morning, possibly may replant the honeysuckle.

Britain To Cut Army, Abolish Draft By 1960

LONDON (AP)—Britain today announced a sweeping revision of her defense program designed to abolish the draft by 1960 and cut the armed forces from 690,000 men to 375,000 within five years.

Described in a government white paper as "the biggest change in military policy ever made in normal times," the new program slices defense costs by 785 million dollars in 1957-58. It scraps further development of super-sonic bombers and fighters on the theory that these piloted aircraft will be replaced by guided missiles including some to be furnished by the United States.

Included in the cutbacks was a newly disclosed decision to withdraw Britain's troops from Libya and Korea. Date of the withdrawal was not given, but military sources expect them "fairly soon." The British are believed to have up to 5,000 men in both places.

The revised program is based largely on the supply of guided missiles which Britain will be receiving from the United States.

The white paper said the savings this year are being secured by a substantial reduction in the over-all strength of British forces and by cutting down production orders. In addition to the withdrawal from Libya and Korea, Britain's European allies have agreed to a cut of 13,000 men in the British force in West Germany this year. A further cut of

13,000 men will be reviewed next year by the NATO members.

The cuts are expected to have an important bearing on the budget which Chancellor of the Exchequer Peter Thorneycroft is to present to the nation next Tuesday.

The government has been under pressure to introduce tax concessions to relieve the soaring cost of living.

Martial Law Abolished In Tehran Today

TEHRAN, Iran. (AP) — Martial law was abolished in Tehran today. It had been in effect since World War II.

Brig. Gen. Teimour Bakhtiar, military governor of Tehran, made the announcement shortly after Menouchehr Eghbal, Iran's new pro-Western Premier, presented his Cabinet to the Shah.

"We have the pleasure to announce dissolution of martial law in Tehran and its suburbs after the uprooting of Communists and subversive elements," said Bakhtiar.

There was no word on the lifting of martial law in other areas of Iran.

The 49-year-old former university president was named by Shah Mohammed Reza Pahlavi to replace Hussein Ala. Ala, 74, resigned because he said a younger and stronger man was needed to deal with bandits like those who ambushed three Americans and two Iranians in the desert of southeastern Iran March 24.

Eghbal said his first act as premier was to repeat Ala's orders to the police that they must capture the bandits who killed Mr. and Mrs. Kevin Carroll of Issaquah, Wash., and Brewster Wilson of Portland, Ore. Carroll was an official of the U. S. Point Four program in Iran and Wilson represented the Near East Foundation.

The Interior Ministry has announced that local tribesmen armed by the government have killed Mrs. Carroll's slayer. The hunt is still on in southeast Iran for the rest of the nomad gang, including their chief, Dadshah.

Prisoners End Hunger Strike

12 In County Jail Briefly Refuse Meals

About 12 prisoners at the Columbiana County jail at Lisbon returned to the jail dining routine Wednesday following a brief rejection of meals, Sheriff Russell VanFossen said today.

The group of prisoners in the west cell block refused their meals Tuesday night and Wednesday noon he said, but decided to eat last night.

One report from the jail indicated the prisoners objected to the small amount of food at the meals, not the quality of the food.

Sheriff VanFossen said the regular food service was being continued. The sheriff termed the action of the prisoners an attempt to stir up a nuisance.

In the monthly report issued yesterday VanFossen said a total of 3,633 meals were served at the jail during March at a cost of

Squeezing Out Political Advantage

Democrats Delay Vote On Salary Slash Bill

COLUMBUS, Ohio (AP)—Ohio Senate Democrats, squeezing every rule of political advantage, have delayed for 49 hours final Senate action on the salary slash for state officials asked by Republican Gov. C. William O'Neill.

The delaying tactics stirred the ire of majority Republicans. The stage is set for a bare-knuckle brawl on the pay cut bill at 10 a. m. Friday. The arena: Ohio Senate chamber.

Not the least cause of GOP indignation is the fact that the Democrats' refusal to agree to traditional rules suspension is forcing the Senate to meet on Friday—a regular day off.

Democrats Caucus

Later Wednesday night, after a 90-minute caucus, Senate Democrats said they are willing to vote on the bill today. But Senate Majority Leader C. Stanley Mechem (R-Atkins) told them:

"If the motion to suspend the

rules comes from the minority (Democratic) side, we will vote on the bill Thursday. Otherwise, we'll be here Friday."

Senate Minority Leader Joseph W. Bartunek (D-Cuyahoga), said he will not make such a motion. That appeared to assure the Friday session.

Democrats said they object to seeing the pay raise repealer "rammed through" the Legislature. The bill would rescind most of the raises granted Cabinet-level officials three months ago at O'Neill's request.

But some Senate Republicans had a different view of the Democrats' parliamentary war to delay the vote to kill off the O'Neill-inspired pay raises.

Political Motives Seen

"Let's be honest about it," said Sen. Charles A. Mosher (R - Lorain). "The Democrats believe

RAINS BRING THREAT OF FLOODS TO OHIO

2 Badly Hurt In Auto Crash

Damascus Rd. Collision One Of 6 In Area

No One Injured In Other Mishaps On Slippery Highways

Snow, sleet and rain combined to make Salem district highways hazardous Wednesday night and at least six traffic collisions were attributed to slippery road conditions.

Snowfall here was estimated at from 3 to 4 inches, but most of it was dispersed by continued rainfall.

Three persons were seriously injured in a two-car crash on the Damascus Road, one mile west of Salem, Wednesday at 6:40 p.m.

Mrs. Mary Griffin, 34, of Alliance was listed in critical condition today in the Central Clinic Hospital with a possible skull fracture and severe lacerations of the face and scalp received in the accident between a car driven by her husband, Charles, 34, and an auto operated by Leonard Pearce, 67, of Damascus.

Pearce also is listed in critical condition with scalp and chest injuries and lacerations of the forehead.

Mr. Griffin is in fair condition with chest injuries.

State highway patrolmen said the accident occurred when Pearce traveling east, lost control of his car on the snow-covered road and crashed sideways into Griffin's approaching vehicle.

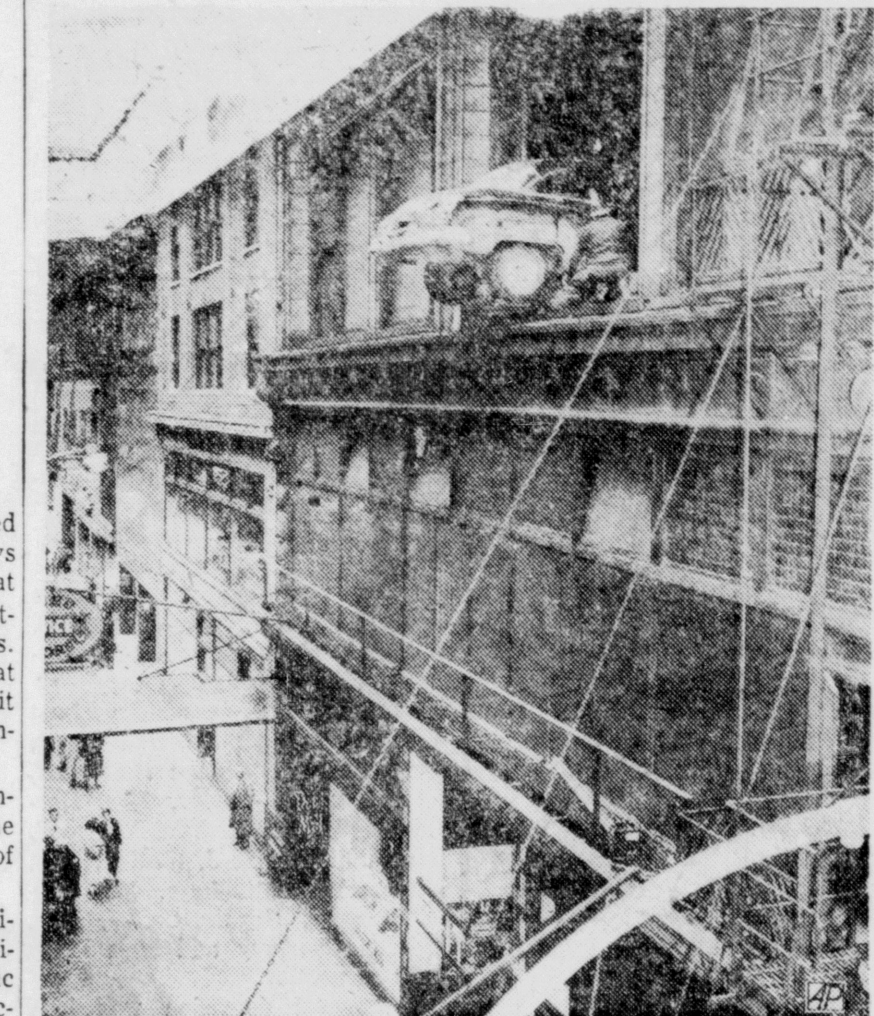

Car Hits Guard Rails

Thomas Showers, 24, of Deerfield, was arrested for going left of center after his auto tore out some guard rails on Rt. 225 four miles north of Alliance Wednesday at 5:20 p.m.

A tractor-trailer operated by Howard Force, 43, of Berwick, Pa., and a car driven by James Linn, 54, of Monaca, Pa., collided on slippery Rt. 14, two miles east of Columbiana, Wednesday at 7:20 p.m.

Ralph Whipkey, 43, of Warren, escaped injury when his tractor trailer jackknifed and turned over on Rt. 7, six miles south of Rogers Wednesday at 6 p.m.

Jaycees To Sponsor Stage Show On May 1

The Salem Junior Chamber of Commerce will sponsor a Stage Show May 1 at 8 p.m. in the high school auditorium.

Dale T. Culberson, director of the show, says that "We have kept the cast on a professional plane. There will be acts that will appeal to every taste."

Hal Fryar, star of "Hals-A-Pop-

pin" TV show and "Fryar's Club" radio show from Youngstown, will act as master of ceremonies.

The eight-act show will feature the Youngstown Kitchen's Male Chorus and the Warren Music Club Ladies Choir, both directed by Dr. Carl F. Scheig, supervisor of vocal training for the city of Warren.

Also appearing will be Marshall Bailey, outstanding local concert pianist, and the Steve Navoyosky Trio, a talented local group featuring accordion, drums and bass.

The "House Rockers," a young Rock and Roll group tutored by Leland Whitacre, music and drama coach at Alliance High School, also will appear.

Jimmie Kay, nine-year-old boy soprano from Youngstown, and a pupil of Mrs. Esther Odoran, will sing, and Bonnie Lee, who has made many TV appearances with the June Taylor dancers, will do a dance routine.

The program will conclude with a song from the "Lemon Sisters," and the combined Ladies and Men's Chorus will offer a medley of Victor Herbert favorites.

"We believe this will be the best array of talent shown in years in Salem," Culberson said.

Tickets will be available this week at Conway's Music Store; Moffetts Men's Shop; Heddlerton's Pharmacy; Fisher's News Agency, Lease Drugs, and from any Jaycee member.

Proceeds from the show will help defray expenses of proposed Jaycee sponsored youth projects in the future, including a "Teen Age Rodeo" and a junior golf tournament.

Serving on the committee with Culberson are Russ Wagner, tickets; Bill Lewis, stage; and Walt Taylor, publicity.

Streams Near Flood Stage In Wide Area

Snow Turns To Slush; Families Evacuated Along Miami River

By The Associated Press
Continuing rainfall brought the danger of floods to central and southern Ohio today.

The U.S. Weather Bureau at Port Columbus reported that almost two inches of rain had fallen in central Ohio in the last 24 hours, bringing tributaries of the Scioto River to near flood levels.

The danger of floods on the Whitewater and Great Miami rivers in the Cincinnati area also hinged on the probability of further heavy rainfall today, the weather bureau reported.

The bureau said more rain expected this afternoon will cause

Rain Forces Closing Of St. Paul School

The continued heavy rains have forced a closing of St. Paul Catholic School because excess water caused a State St. sewer line to back up in the basement of the new school. Students were sent home this morning.

Classes will resume tomorrow, unless the rainfall continues tonight, it was announced by the Rev. J. Richard Gaffney, pastor of St. Paul's parish.

minor flood conditions over most of the area. A stretch along the Scioto, north of Prospect, in southern Marion County, and another along Paint Creek in Bourneville, near Chillicothe, were most seriously threatened.

If rain continues, a section of Ohio 203 near Prospect will be impassable before noon, the bureau added.

Creeks Continue To Rise

Alum and Big Walnut creeks in the Columbus area also continue to rise, the bureau said. A spokesman said most of the endangered area is farmland which has not been seeded.

Freezing rain and thunderstorms struck most of the state Wednesday night. Four inches of snow was reported in the Akron-Canton area and two in Youngstown.

However, rising temperatures turned the snow into slush which made driving conditions in the northeastern part of the state hazardous. Cleveland reported snow

Edgar Read Aids Atomic Energy Commission

Salem High Graduate Now Chemist and Nuclear Expert

The old phrase, "local boy makes good," is quite a reality in the case of Edgar B. Read, who graduated from Salem High School in 1916. Today, Read is group leader of technical services for the Nuclear Metals Inc. of Cambridge, Mass.

The Nuclear Metals Inc. organization was formed in June, 1954, to conduct research in metallurgy. At the time it was a part of project conducted by the Massachusetts Institute of Technology (M.I.T.) but at the present time it is a separate organization.

Read, while working with the Nuclear Metals, recently completed supervision of the Atomic Energy Commission's "zirconium analytical chemistry project" that was conducted in a total of 12 colleges and universities.

Zirconium is a metal used in fuel elements and contains nuclear properties that was used in the making of the atomic submarine, the Nautilus.

In 1944, Read worked indirectly with Robert Oppenheimer in connection with the atomic bomb. The "Manhattan Project" was conducted at M.I.T. and consisted of

research into metallurgies used in the A-bomb.

The Salem High alumnus has also written many publications, including "The Chemical Analysis of Zirconium and Zircaloy Metals" completed last January and published by the Nuclear Metals Inc.

Read is credited with the invention of a "speedy-vap" watch glass which makes possible for chemists evaporation proceedings using covered beakers.

From 1926 till 1944 Read was in industrial research with the Mellon Institute in Pittsburgh. His work was involved with the American Refractors with fire brick.

He also has worked as a chemist with the National Bureau of Standards in establishing analysis of standard samples of silica fire brick and chrome brick.

After graduating from Salem High school in 1916 where he was a star football player and once bragged of the fact that Salem held Massillon to seven points one game, Read went to Kenyon College and graduated there in 1919.

He also took summer work at Chicago University that year. From Kenyon he went to Mun-

hall (Pa.) high school and taught athletics. Other jobs he held until 1926 when he started with Mellon included being a chemist with Westinghouse for one year, three and one half years with Carnegie Steel in Pittsburgh and six months with Atlas Crucible Steel in Dunkirk, N.Y.

Read is a Phi Beta Kappa, and a member of the American Association for the Advancement of Science, the American Ceramics Society, and the American Chemical Society.

Read is married to the former Miss Helen M. Lawler of North Andover, Mass. His wife helped him on the Manhattan Project. They have three daughters.

Read has been visiting in Salem with his mother, Mrs. Martha Read of W. 10th St.

Enough Foreign Aid Money Seen On Hand

WASHINGTON (AP)—There is no need for new foreign aid funds because of billions of dollars of unspent balances on hand, Rep. Smith (R-Wis.) said today.

Smith, a member of the House Foreign Affairs Committee, said prior authorizations have made nearly 14 billion dollars available for foreign aid spending during the year starting July 1, 1957.

"Obviously," he said, "there is no need to appropriate new money this year."

President Eisenhower has asked for nearly 4 1/2 billion dollars for foreign aid programs for the new fiscal year.

Winona

WINONA — The annual committee reports and resume of finances were presented at the annual board of directors meeting of the Glenn Bennett Memorial Playground held Monday evening in the social room of the Methodist Church.

Board members present were Paul Waitman, president, Mrs. Walter Holmes, secretary-treasurer, and Clyde Bennett.

Honorary members attending were Mr. and Mrs. S. H. Bennett, and others were John Rudeback, Mrs. Clarence Taylor, Mrs. Harold Lloyd, Mrs. Richard Yarwood, Rev. and Mrs. L. J. Hadley, Mrs. Maynard Brantingham, Mrs. Cecil Bennett, Gilmer Coffee, Mrs. Warren Courtney and Miss Mary Lou Alexander.

A general discussion was held on plans for the summer schedule. Plans were also made for a Memorial Day Service and parade. Mrs. Maynard Brantingham and Mrs. Cecil Bennett were elected new members of the Board replacing Mrs. Paul Brantingham and Mrs. Holmes who have completed three year terms.

The next board meeting will be held at the home of Mrs. Walter Holmes on Monday evening, April 15 when new officers will be elected.

The Hazel Circle of the Woman's Society of Christian Service of the Methodist Church held its April meeting at the home of Mrs. Leo Cooper Monday evening.

Mrs. Cooper conducted the devotions. Gladys John was associate hostess.

The program was given by Mrs. Elmer Stamp, Mrs. Dwan Votaw, Mrs. William Heacock and Mrs. Joe Arthur.

Mr. and Mrs. Ross Johnson of Alliance called on Mr. and Mrs. Wilford Brantingham Sunday.

JESUS LOVED THEM

By PATRICK and GARRISON

THE LEPER

"And, behold, there came a leper and worshipped him, saying, Lord, if thou wilt, thou canst make me clean."

—Matthew VIII:2

When Jesus healed the sick, He used no strange nostrums, hocus pocus, or histrionics that might enhance His reputation. His cures rested upon simple faith.

"Believe ye that I am able to do this?" And when the suffering truly believed, as did this nameless leper, they were healed.

The Bible tells us nothing of the background of the leper whom Jesus made clean by a touch. Nothing of his life before he was struck down by leprosy—shunned by all men and ravaged by the terrible disease that slowly ate its way through his tissues into the very marrow of the bones, rotting his body piecemeal.

But there is an apocryphal account of the conversation between this man of shining faith, and Jesus.

It is said that when Jesus paused at the leper's greeting to Him outside the gateway to the city that day, the afflicted man saw in the face of the stranger the sincere kindness of a friend.

"Master, you are kind," he told Jesus. "And kindness is Truth, and Truth is God. I have found the meaning of this in the desert in a sudden shade, and in a cup of water. I have found it in the song long ago buried in my heart. But never before have I found it in a Man."

Jesus met the gaze of the sick man. Unlike others who drew away in repulsion and fear at his disfigured state, Jesus saw past the hideous mask of disease into the man's heart and soul. In the tortured face He saw trust and gladness.

"I understand thy loneliness," He answered, "for I, too, have known the rejection of men. My loneliness is sorrow that I cannot gather all into the Revelation of the Father's love, which I have known."

As Jesus spoke, the leper, exalted in his thoughts, memorized the line of His face and of His body. In a surge of faith, reinforced by love, he cried:

"Lord, if thou wilt, thou canst make me clean."

"And Jesus put forth his hand and touched him, saying, 'I will; be thou clean.'"

And the leper's affliction vanished. He was never again to suffer the anguish of the exiled and the defeated. He had glimpsed the way of Liberation.

Goshen Union Athletic Dinner Is April 9

DAMASCUS — Final plans for the Athletic banquet to be held in the High School April 9, were discussed when the Booster Club of Goshen Union High School met in the school building Monday evening.

Carroll Widdoes, athletic director at Ohio University at Athens, will be the guest speaker.

Tickets will be on sale until Friday, April 5, when the number to attend will be given to the ladies of the Bunker Hill Church, who will serve the dinner.

Tickets may be secured from Robert Morrow, Goshen Union School and B. J. Hoopes. Lunch was served with Paul Stallsmith, chairman.

The next meeting will be held Monday evening, May 13.

The concert to be given in Goshen Union High School old auditorium May 6 was discussed by the Glee Club Mothers when they met in the school Monday evening.

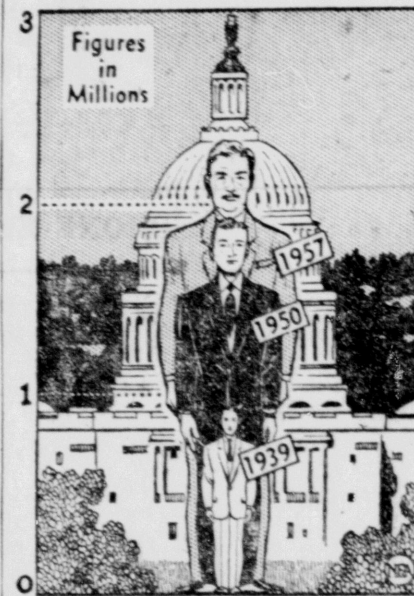

The concert will be presented by the Goshen Union Glee Club and a few other numbers in charge of the director, Mrs. E. Murdock. No admission fee will be charged.

Home made candy will be on sale in charge of Mrs. Harold Culter. The club reports the box social held Friday was a success.

An invitation was extended to the club from Superintendent Gaffa to attend the school Advisory Board meeting in the Sebaste School building April 24 at 7:30 p.m.

This was the last regular meeting of the school year and officers will be elected at the beginning of the school year in September.

New Atomic Tests To Begin May 15

WASHINGTON (AP)—The Atomic Energy Commission (AEC) said today its new series of test explosions in Nevada will begin about May 15 and continue intermittently throughout the summer.

The commission had announced in January that the nuclear tests would begin this spring, but it gave no date.

It said in January, and repeated today, that they will be of relatively low explosive force.

The commission said also that it will conduct on April 10 an experiment "related to the safety of nuclear weapons handling and storage," similar to tests run in November 1955 and January 1956.

As for the nuclear explosions themselves, the AEC did not indicate how many there would be.

Businessmen Get Rules To Avoid Charity Fraud

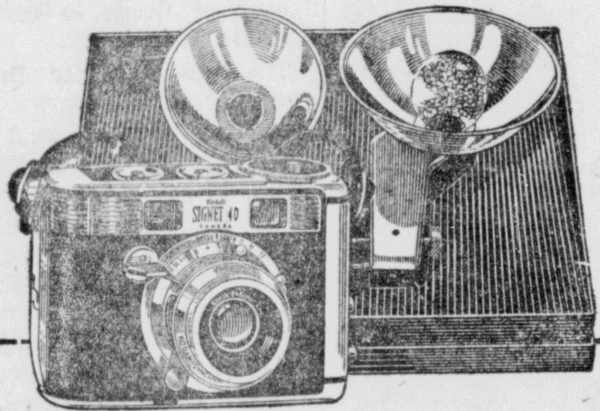

DETROIT (AP)—If you're a businessman who does not want to get "taken" in charity drives, here are a half dozen rules laid down by Randall M. Ruhlman, secretary of the Cleveland Chamber of Commerce.

Don't lend your name unless you're willing to give time to a charity project. Don't give to a telephone appeal. Don't give an appeal for unordered merchandise. Don't give to the "cause"—give on the basis of the soundness of the organization. Don't give before checking. Don't fail to consult your advisory groups such as a board or Chamber of Commerce or Better Business Bureau. Ruhlman spoke at the National Conference on Solicitations.

Columbiana Council To Seal-Coat Streets

Enlarged Traffic Guide Circle to be Permanent

COLUMBIANA — A \$20,000 program of preservative seal-coating for streets and park and cemetery drives, recommended by the street committee, was favorably received by village council Tuesday evening, and details will be submitted at the next meeting, Tuesday evening, April 16. The work was postponed last year, making a double program this year. There will be an estimated 39,770 square yards.

Council also accepted a recommendation of the safety committee that the enlarged circle around the traffic guide in the middle of the public square be made permanent, as it has tended to curb speeding through the square. Garden clubs will probably be asked to plant flowers in the area enclosed by the circle. The committee also recommended parallel parking around the square, which will be considered further.

Council agreed to bear the expenses up to \$200 of a trip for three girls, Jerry Raines, Mary Lo Collier and Alice Gaston, winners in an hours-of-service contest at the Ground Observer post in Firestone Park, to Selfridge Air Force Base, Detroit, toward the last of this month.

At the request of the Rev. Lonnie Baltz of the Church of the Nazarene, village officials will try to have the same name for the two sections of a street extending east from Elm St. along the church premises. The section west of the Y. & S. Railway is unofficially known as Fourth St., and the section east of the Y. & S., outside the corporation, is known as Parkview Drive.

A SUGGESTION of the safety committee that a municipal parking area be provided around city hall by the acquisition of adjacent properties will be studied. The opening of the new plaza market near by will pose parking problems. A suggestion of the committee that street lighting needs improvement brought out information that the board of affairs is already considering the needs.

Solicitor Jack Kuhlman was instructed to advertise for bids to be received until Saturday, April 27, to supply a tractor and street sweeper.

The solicitor was also instructed to draft legislation providing penalties for dumping ashes on streets and alleys.

An ordinance providing accrued vacations for village employees up to four weeks in two years was accepted on second reading.

Further use of city hall assembly room as a meeting place by organizations is conditioned on observance of the no smoking rule. After every meeting the floor is littered with cigarette butts, which constitute a fire hazard.

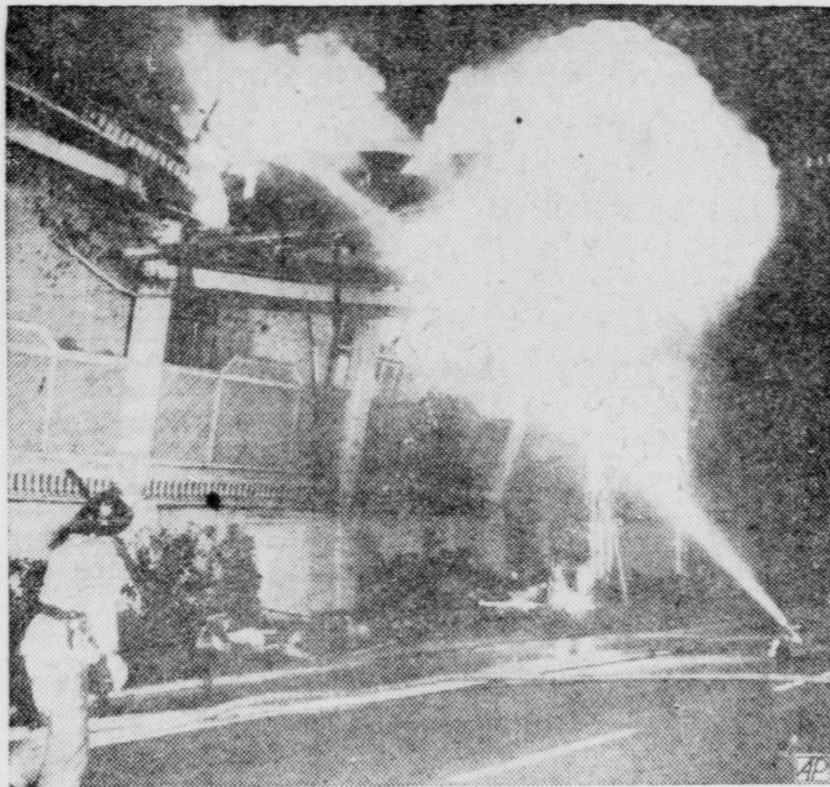

Mayor E. L. Calvin reported his office paid into the village treasury in March \$37.55. Court cases amounted to \$250.90; parking ticket fines \$13; 55 per cent of State Highway Patrol cases \$173.25 State Patrol and county fines, \$75.40; garbage license from Columbiana Storage \$25. Paid state from State Patrol cases \$141.75; paid county from state code violations \$55. There were 12 village arrests and 12 State Patrol cases.

ABOUT 2,400 automobile licenses, the usual number, were sold this year by J. H. Churchfield, local registrar.

The Friendly Circle of Grace Evangelical and Reformed Church will give a round and square dance open to the public at Dixon School from 8 p.m. Saturday to midnight.

Mrs. A. E. Weafler of East Rochester, Columbiana county representative to State Grange, will make her annual report to Midway Grange at 8 p.m. Saturday. A short musical program will be presented by the Junior Grange, and refreshments will be served. Four candidates were initiated into the page rank at the last No. 438, Knights of Pythias, by a degree team of members of Girard, East Palestine and Columbiana Lodges. The four, Raymond Ross of East Palestine, Ronnie Bowers of Leetonia, and Clyde Stephens and Kenneth Crowell, of Columbiana, will get the esquire rank at Washingtonville tomorrow evening. Columbiana Lodge will meet at 8 p.m. today.

Columbiana Farm Bureau Co-operative received yesterday from Presque Isle, Me., another car of seed potatoes, Cobbler, Katahdin and Kennebec varieties.

DANCE HALL BLAZE THREATENS FIREMEN—One wall of the Colonial Ballroom, a downtown Los Angeles dance hall, begins to collapse in a burst of flame as firemen fought the blazing two-story frame building early Monday. Several firemen, including one at extreme right, had to abandon hoses and run. Three firemen were hurt. The building burned to a heap of rubble despite the use of 24 pieces of fire equipment. The building was not occupied when the fire began.

Four Draw Fines In Court At Lisbon

LISBON — Donald D. Walkos, 30, of Uniontown, Pa., was fined \$50 and costs at a hearing before Mayor Wilbur Warren Wednesday on a charge of reckless operation.

Earl T. McFarland, no address, was sentenced to 30 days in jail for intoxication and disorderly conduct after he walked into an East Chestnut St. home Tuesday and

refused to leave and was thrown out bodily by the owner. Mayor Warren suspended the sentence providing he leave town.

Harry Edmiston of Lincoln Ave. and Clifford Parrish of RD. Lisbon were each fined \$25 and costs for intoxication and disorderly conduct and also given 90-day jail sentences. The jail terms were suspended on certain provisions by the mayor.

Rev. Fager, St. Jacob's Church Pastor 10 Years, To Retire

The Rev. E. D. Fager, pastor of St. Jacob's Evangelical and Reformed Church, north of Lisbon just off Route 45, will retire from the ministry July 1.

Rev. Fager has been a pastor for 39 years, serving nearly ten years at St. Jacob's.

He graduated from Heidelberg College, Tiffin, and the Central Theological Seminary at St. Louis, Mo., which is now the Eden Theological Seminary.

He was pastor first at Payne, Ohio, three years, at Fostoria for 8½ years, Akron for 15½, and then went to Tiffin for one year. The next 1½ years he was affiliated with the Home for Aged at Upper Sandusky, raising money for the home's operation and maintenance. He came to St. Jacobs from there.

Rev. and Mrs. Fager now live in the church parsonage on Route 45 but will build a new home on the Salem-Fairfield road south of Leetonia near the home of their daughter, Mr. and Mrs. Delbert Siler.

Rev. Fager is a member of the Lisbon Ministerial Association, Lis-

bon Kiwanis Club and the Masonic Lodge. Through his efforts the first vocational guidance day, sponsored by Kiwanis Club at Lisbon high school was established several years ago.

A pulpit committee will be appointed by Howard Wilhelm, vice president of the consistory, and they will select Rev. Fager's successor.

Search For Missing Man Is Delayed

Volunteers are again sought by the sheriff's office for Saturday at 10 a.m. to help search for George D. Eichler, 76, of Pidgeon Road, who has been missing since Feb. 24.

The scheduled search that was set for today was cancelled due to the bad weather and it will be held Saturday, Sheriff Russell VanFossan stated.

Volunteers are asked to assemble at the corner of the Depot and Pidgeon Roads.

Congress provided a half billion dollars for relief in the U.S. drought of 1934.

Ohio School Chief's Pay To Be \$25,000

COLUMBUS, Ohio (AP)—A bill setting the salary of state superintendent of public instruction at \$25,000 a year may become law in time for the State Board of Education to sign the superintendent's contract at its monthly meeting Tuesday.

The Ohio House Education Committee recommended passage of the emergency bill Wednesday. The measure has already passed the Senate. If the bill passes the House, Gov. C. William O'Neill's signature would put it into effect immediately.

The State Board of Education has tentatively hired E. E. Holt, superintendent of Springfield schools, as state superintendent pending establishment of a salary for the post.

Hanoverton Constable Files \$10,000 Suit

LISBON — A suit for \$10,000 for personal injuries and damages allegedly stemming from an auto accident was filed in Common Pleas Court Wednesday by Roy N. Painter of Hanoverton RD 1, Hanover Twp. constable.

Lyman E. Somers of North Georgetown was named as defendant.

Painter claims he had stopped his northbound car on County Road 410 on June 7, 1955 when the defendant's auto, traveling west on Rt. 172, veered left and struck his car.

Presidential Sniping

A flurry of criticism about the speed of President Eisenhower's trip to Gettysburg last weekend added to evidence that a "bad press" finally has been added to the presidential burden.

That trip was no faster than preceding trips had been. It was no faster than security calls for when the most carefully protected man on earth is exposed to possible snipers.

The President's car is not just another vehicle when it moves on public highways; it is preceded, followed and flanked by security agents. Yet, suddenly there is criticism for speeding.

Is there any special significance in criticism of a chief executive whose freedom from criticism has been without precedent?

We think it represents a return to normal; that Mr. Eisenhower's "good press" was abnormal, a reaction from President Truman's "bad press" — and that it was too good to last.

When Dwight Eisenhower took office in 1952, everybody wanted so desperately to believe the "mess in Washington" had ended that carping criticism ceased. It would have started long before now if Mr. Eisenhower had not gone through two serious illnesses, causing the urge to carry on presidential sniping to be suspended.

Now that it has started, what happens; what should President Eisenhower do about it?

He should do nothing. He should concede as philosophically as possible that he has been getting a free ride and the conductor finally is starting to collect the fare. Every president who has paid the fare in the past has wished as the President will have reason to wish — that the price could be suspended indefinitely. But it never before was suspended this long.

Active Members

The stern counsel of investigating senators that union members should keep closer watch on their money is intended to be good advice. But it also is a diagnosis of what happens to organizations whose numerical strength is not reflected in the participation of active members.

The Teamsters Union is numerically the world's largest, with a membership of a million and a half. But among the million and a-half, active membership would be a small fraction and not a representative cross-section. Among unions in general, a handful of members always will be found in control of the organization's practices and policies. It is an open invitation for abuse and misuse of unionism's quasi-public rights and privileges.

It is the setup Communists used to good advantage when taking over unions from bona fide members. It explains how corrupt forces get away with murder. No one is standing guard to keep them at bay.

Yet no one can be sure more unionists will feel responsible for what is done with their money. What they are learning from the Senate's investigators of rackets may make indifferent unionists and those who were forced to join up to hold their jobs more reluctant than ever to become involved in something they never bought on its merits.

Sing Sins Of The Child

There can be no doubt that bad parenthood is to blame for much of the delinquency charged against children who get into trouble with the law.

But there can be some doubt that the Ohio Senate is on the right track with a law to punish parents for the sin of their children. Although the legislation proposed by the Senate is permissive, giving courts the right to order parents to control children with one count of delinquency against them, it fails to take a basic fact into consideration.

This is the fact the behavior of children is not susceptible to parental correction indefinitely. There are incorrigible juveniles, just as there are incorrigible adults.

It may be assumed courts would try to draw the line intelligently. It may be assumed judges would try to distinguish between juveniles who can be straightened out by closer parental supervision and those who have passed beyond parental control.

But it is no wiser to visit the sins of the child on the parent than it is to visit the sins of the parent on the child. The Ohio Senate is legislating in a treacherous area of human relationships.

For Usefulness

This is the 75th anniversary of an event which many of us think happened much longer ago — the founding of the Knights of Columbus by the Rev. Fr. M. J. McGivney in New Haven, Conn. It was such a good idea and spread so rapidly it has made the impression it must have been in circulation longer than 75 years. And this is why:

The Knights of Columbus was intended to be an association of Catholic men for religious and civic usefulness, and it has been exactly that. Today, with a million members in the United States, Canada, Cuba, Mexico, Puerto Rico, Panama and the Philippines, it is one of the most useful organizations in the world.

Taxpayers' Revolt

By DAVID LAWRENCE

Important Events Lost In Mass Of Trivialities

David Lawrence

There's so much news nowadays sketchily reported from behind the scenes among governments abroad — in the Middle East and in Europe — and so many speeches and statements about domestic problems being issued in this nation's capital that one wonders if the average citizen gets anything but a bewildering picture of what's going on.

The trivialities and the irrelevancies sometimes get more attention than the significant.

It's not so important to ascertain whether someone who writes a biography of Secretary Dulles is giving his own or the secretary's interpretation of passing events. Yet a Senate committee will give time to such a digression.

It isn't urgent to find immediately a solution of the question of how to handle presidential "inability." It's at best a theoretical problem and may never arise.

But what is important is the big "revolt" that's going on throughout the United States among the taxpayers.

They don't like the big federal budget. So they are expressing their resentment about proposed expenditures for school buildings, for foreign aid and a lot of other things about which they know very little detail.

But the resentment reflects the emotional antipathy toward high taxes which is so general nowadays.

So it is news of more than passing interest to read the remarks of President Eisenhower just made to a group known as the Advertising Council of America. The mood of a president, as expressed in impromptu or prepared comments, is always significant news.

THE PRESIDENT evidently knew and had sensed the objections to the budget stirring in the country at large. He agreed, for instance, that the federal government should "keep its fingers out of the educational process" and that it belongs to the states and communities and that the "federal government should not interfere."

But he suggested that the folks take a look at what's been happening.

Mr. Eisenhower spoke of the long depression when "school construction fell behind." He said many schools are running "two sessions a day, with teachers overburdened — often teachers having to be employed who are really not qualified."

The President said the federal government had been taking a very heavy portion of the tax money of the people and that it now had to help the states. He added:

"The federal government might well by its actions help in the proposition and inspire the states to do more; to help on a one-time basis to get these schools built — to catch up and get out."

But it is easy to "get out" once a program so big is started and the vested interests, political and

economic, become involved in the whole program?

The President doesn't say but that's nevertheless a big worry. It's an obstacle in Congress to stopping any program of spending which once gets started.

THEN MR. EISENHOWER talked of welfare funds like old-age security, unemployment insurance and "health processes," and he said "things like that require money." He made this interesting, and, in some respects novel, comment about his concept of federal aid:

"If you had no federal government leadership or federal participation and help in this field at all, one state would be establishing certain levels, and another one something very different."

"We would have migrations in this country, with dislocations in industry and in the labor force, merely because in one state people would say we can get better help when misfortune, old age, or something of that kind strikes, by moving to such a state."

"The problem of government, as I see it today, is to get a new definition almost each day of Lincoln's old exhortation: That government should do for people what they cannot well do for themselves or not do at all but certainly keep out of those things which people can do for themselves."

"We will provide the line for the massive single leadership that is necessary and then keep the federal government out of operations so far as it is possible, whether it be education, the care of the sick, or whatever else we do."

Mr. Eisenhower was expressing a great humanitarian principle but he realized, even as he spoke, the reasons for much of the opposition. He declared:

"In the same way in those programs that apply to veterans, to farmers, to teaching, to research, development — all of that sort of thing — there is unquestionably a proper phase for the federal government. But it cannot be carried to the extreme without great challenge to our form of government."

MR. EISENHOWER hit the nail on the head. It's the crux of the whole problem — how to stay within limits once the dam of spending is broken.

The President was on less controversial ground when he dealt with the international situation — the risk of war and the importance of spending public funds on what he calls a "great preventive instrumentality."

The President's conclusion revealed the purpose of his speech as he said: "Much as we hate taxes, it (the achievement of peace) is an objective that overrides our aversion to high taxes. It's an objective which must override everything..."

This is today the articulated thinking of the nation's leader — the man on whose shoulders rests the responsibility for steering the country during a period of great perplexity in the world.

How easy it is to snipe at the leader — and how difficult it is for a president to formulate and then defend national policy as against carping criticism, uninformed criticism and indeed emotional criticism!

Guarding Your Health

Rupture or Hernia

A rupture, or hernia, is a bulging of the soft tissues through the body wall at a place which was born weak or has become so. It is most common in the groin.

Most hernias are the result of inborn tissue weakness, but a rupture also can develop through the scar of an old operation or body tissue which has been weakened by injury.

A rupture is likely to be first noticed after some strain, such as lifting something heavy. This does not mean that the weak spot was not there before. The strain caused the abdominal muscles to tighten, thus raising the pressure inside the abdominal cavity and pushing the contents through the weak spot.

One method of treatment is to try to keep the area in place and support the weakened wall by means of a support, or truss. This is fairly satisfactory for some people, especially elderly ones and those who do not have to engage in heavy exertion. The value of a truss or support also depends to a large extent on where the rupture is located as well as its size.

With modern surgery it is usually possible to put the soft tissues (such as intestines) back where they belong and to repair the wall so strongly that the correction is permanent.

Constant improvement in surgical methods makes the chance for lasting cure better and better. Recurrences, while still present, have become less likely than formerly.

An inquiry comes from Mr. K., commenting that he was informed hernia can be cured without surgery by injecting a certain substance into the skin which will form a wall to support the rupture. He would like to know more about this.

This is the so-called injection treatment. The chemical substance irritates the tissue surrounding the

rupture so that a thick scar will form at the point of the hernia and force the bulging soft tissues back where they belong.

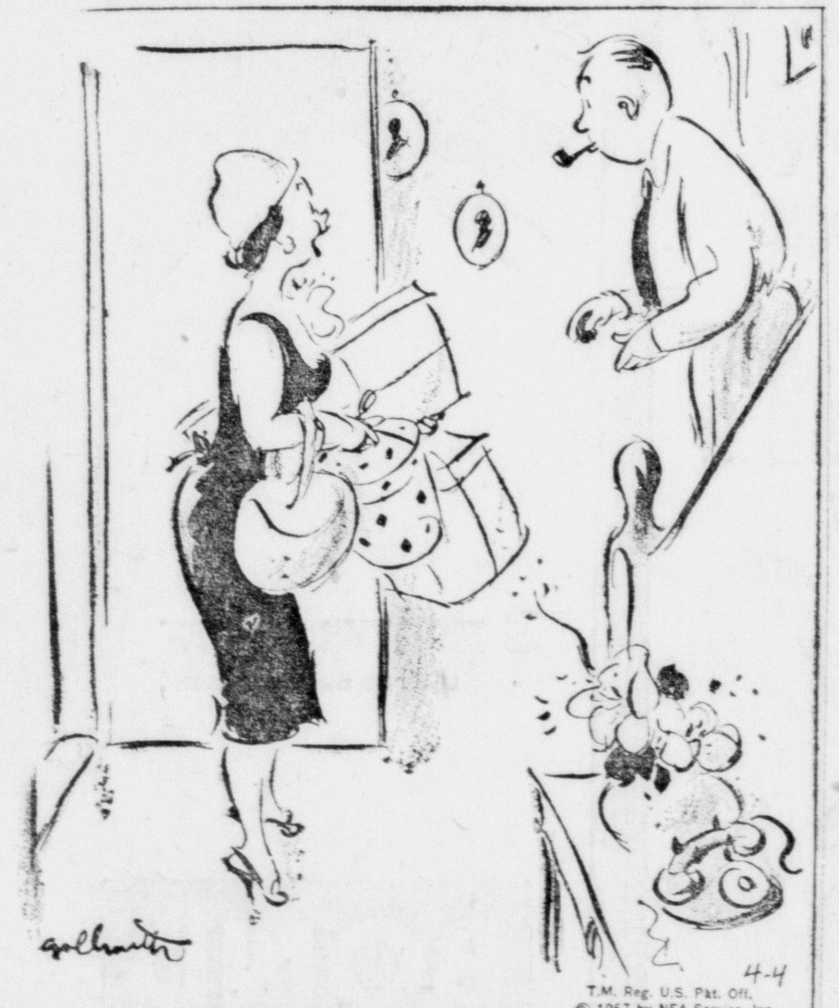

This sounds like a good method of treatment and there was a good deal of interest in it several years ago.

However, several injection treatments are generally necessary and I believe there has been a rather high rate of recurrence of the rupture.

Suez Canal Company Much Alive

By WILLIAM D. COLE

NEW YORK

The old Suez Canal Company is still very much alive, despite the loss last July of the waterway it managed so efficiently for nearly a century.

Furthermore, it has "considerable and continuing commitments for the future," a company official told this correspondent today.

No matter what happens to the canal and who gets canal tolls, the company still has a busy future caring for over 131 million dollars in securities, cash and real estate which it has accumulated.

Its gilt-edged stock—once the accepted wedding gift for prosperous French couples—has by no means lost its value.

Last summer, previous to the Egyptian seizure of the canal, these stocks sold on the Paris Bourse and on New York's Wall Street for an average of \$175 a share.

Today they still bring \$140. And, surprisingly, they are much in demand.

Suez Canal Company officials report that U.S. buyers of these stocks began a flurry of trading recently, causing a movement of the securities from London and Paris to New York.

Prior to 1956 an estimated 2000 American owned shares of the stock. Only a few sold their shares after Egypt's nationalization edict last summer.

Measures to safeguard the assets of the canal company were voted last month by the French Parliament.

The government of French Premier Guy Mollet declared the company to be a French organization not subject to the laws of a foreign state.

Company spokesmen in Paris said the measures were destined to accomplish two objectives:

To stop Egypt from claiming Suez Canal Company assets outside Egypt.

To permit the company to change its laws and thus grant it freedom to engage in new financial activities. Previously the company was forced to submit all projects to the Egyptian government for approval.

This legislation, plus statements of company officials suggested

strongly that the company planned to branch out in new enterprises.

Wall Street brokers believe that this is behind the sudden flurry in trading of canal company stocks.

An important document which contains recommendations for the future upkeep and expansion of the canal will soon be made public.

Prepared by one of the world's largest private engineering consulting firms, Ebasco Service Inc., it may prove to be a political bombshell.

Meanwhile, the old Suez Canal Company — still powerful and still prosperous—is sitting tight, awaiting the turn of events in the unpredictable Middle East.

An Instant In April

By TRUMAN TWILL

There is an instant in April that everybody waits for a long time. With a little luck, it may last half a day.

The branches of the apple and pear trees possess a well scrubbed sheen of green illuminating their bark when the sun shines.

The overture of the frogs quits sounding like the symphony was tuning up a starts to sound as if it were halfway through the second movement.

Banks' Earnings High

NEW YORK (AP)—Many of the nation's banks today are reporting record earnings—byproduct of the general prosperity and the tight money policy.

In New York City some of the country's biggest banks report first quarter net operating profits anywhere from 10 to 18 per cent above those made in the first three months of 1956.

Most of the banks reporting on their first quarter operations show that their customers, business firms and individuals, are borrowing more today than at this time last year—although not as much as at the end of last year.

And the customers are paying higher interest on their loans. While business loans dropped in the first quarter, as they usually do, their total is still at a post-war high for this season of the year. But business borrowing is now back to a seasonal pattern, rather than rising steeply as it did through much of 1956.

Commercial and industrial loans at New York banks is now about 1 1/4 billion dollars more than at this time last year.

Since the banks raised their prime interest rate—what banks charge the biggest customers with the best credit standing—to 4 per cent last August, the combination of higher interest and greater loan volume has been very pleasant for the banks.

From the prime rate banks scale the rates upward for their other customers.

Rates went up last summer because of the tight money situation which has abated only slightly since. Demand for loans was advancing much faster than the supply of lendable funds, so that interest rates in general were rising.

But the seasonal easing in the demand for loans has been quite marked in the first three months of this year. The money market has been easier and occasionally talk of a drop in interest rates later on is heard.

Much of the demand for credit last year came from businessmen who were building up inventories. Of late they have turned cautious and many have been cutting back on inventories rather than building them up.

Business demand for funds last year was also swelled by the expansion drive which brought the acquiring of new plants and equipment to a record high. Such spending is still at the peak, but some observers look for that demand to fall off as 1957 progress es.

With business activity generally leveling off, some bankers feel that their own business may be near or at its peak of profitability. Few, however, look for any major change in their position in the next few months.

Once Over

By H. I. PHILLIPS

Ray Of Hope For Peace

Soviet Russia is introducing baseball and golf in its sports setup for youth. This can be the biggest help to world peace in years. Get the Russians onto the sandlots and into the ball parks and bleachers and they will wish to veto nothing but a few umpires.

"PLAY BALL!" can exert a kindlier influence than "Nyeti!" The kids shouting, "We want a hit!" can mean a happier Russia than all Izvestia editorials.

There is a music unknown to the Soviets in the crack of a bat. A world absorbed in box scores and batting averages would not be a world with a chip on its shoulder and suspicion in its soul.

THE WHOLE GLOBAL picture could be changed if Moscow really goes for baseball. Here is a great nation that has never known the joy of munching hot dogs and peanuts in the bleachers on a summer day, heckling an umpire and thrilling to a home run in a crucial inning.

Not a hero in Russian history has ever been photographed in a baseball suit or even with a catcher's mask.

WE MIGHT HAVE a world of understanding and good will today if years ago the Russians had known an Ivan (Babe) Ruthsky, a Feodor Cobb, or a Gregory ("Honus") Wagnervish.

Who can say the world would not be happier today if Joe Stalin had now and then recited "Casey at the Bat."

What a sense of relief the globe would feel if it got news that Khrushchev on his third vodka had sung "Take me out to the ball game," and that Bulganin and Molotov were busy with a five-year frankfurter and roll program?

GOLF? WELL, we question how the Russians would react to this. No Communist would take kindly to penalties for a lost ball and would probably insist upon vetoing anything beyond his third putt.

(There could be a lot of caddies sent to Siberia for handing a Moscow leader the wrong club.)

IN GOLF ONE MUST take a competitor's word for his score and we fear Russia would angrily dispute a rival and at the same time refuse any inspection system covering its own.

Somehow it is hard to picture Gromyko, for instance, in golf attire out in the open country, having an opponent beat him by one stroke on each hole and saying laughingly, "Oh, it's just a game and all in good fun."

Fore! But don't tell us, Mr. Pravda, that both the three bagger and the hole in one are Russian discoveries and that Lenin was a third baseman at heart.

WASHINGTON IMPRESSION

IKG, may I show economy? Yes, it's what we're craving; Hang your clothes on a hickory limb But don't do any saving.

JACK GOULD CALLED the telecast of recent Hollywood "Oscar" ceremonies as a "coaxial wake."

Outboard motors and aluminum boats? . . . Well, maybe his original thought was to get from Miami to Nassau that way. . . . The notation "Tell them the socks were no good and were full of holes" in an order to pay a dry-goods store bill was a sort of long distance rebuke, reminding us of a time we made a similar squawk to the general store back home and got the answer, "Sorry. Just send back the socks and pay for the holes."

Mr. Beck says he will spend a million of Teamster funds to "give my side." . . . Maybe a book "Around the Quiz in 80 DAYS."

Inside Labor

By Victor Riesel

COLUMBUS — On TV the other day one of those phony reporters, using a new gadget instead of a pencil which we old fashioned types are stuck with, interviewed truck drivers — asking them if they'd "vote for Dave Beck again."

It makes no difference how the boys answered. Fact is that they cannot vote either for or against Dave Beck or any other national Teamster official. They never could. Under their constitution they just don't have the right to heave out the old boy.

These 1½ million hard working Teamsters have just enough rights to pay their dues. There is no direct vote for president in the Teamsters Brotherhood.

He is chosen by the convention delegates who owe their jobs in the Teamster union to the Teamster vice-presidents, two or three of whom actually pick the president the delegates nominally "elect."

I've now talked to enough of them across the east to realize that if Dave Beck wants to run again — and Jim Hoffa and Frank Brewster want him — he's in.

AS I HEAR IT, no Teamster seems to vote for anything. There are 1100 locals across the land. Most of them just don't have elections for national convention delegates.

Most of the time the locals operate on an ancient resolution passed late some night at a meeting attended by just enough to get up a stud poker game.

This resolution says that the local's executive council can appoint the delegates to the convention each five years.

Since the executive council is made up of buckos who support the local president and the local president is a fellow who got there because he had the support of the regional chief and the regional chief made it because he had the red from Brewster, Beck or Hoffa — who are the three men who control the regional set-ups — who is going to revolt against whom?

There are a few independent fellows but you literally can count on the fingers of your hands the number of locals which have spoken up against the national leadership. Counting even those you hear about as you hedge-hop this country, there are nine or ten at the most, including Canada.

This, out of 1,100 locals, fully six weeks after the Senate probe began. And a week after it was revealed that Beck had directed executive vice president Einar Mohn to conduct a round-robin telephone poll — on Wednesday, March 27 — of the Teamster high command on the spending of \$¼ million dollars for a public relations job.

BUT LET'S NOT be too beastly with the Teamsters. Fact is that just a handful of unions have direct referendum-type secret balloting for their national officers.

One of these is the United Steel Workers. And those boys do vote. Each election draws out over half a million.

In this last poll for president, the steelmakers cast some 700,000 votes, or well over 60 per cent of their members.

The International Typographical Union does even better. It traditionally draws an 85 to 90 per cent vote.

But when you survey the field, you find that of 194 national unions, exactly 150 have no constitutional provision for secret balloting for national officers.

Of these, 137 choose their officers and executive boards right at the national convention. The rank-and-file just never get the chance to vote for anything.

This means that almost 80 per cent of the AFL-CIO's 16 million members never cast a secret ballot for their leadership. There are some 40 unions therefore which do give their people the right to vote for convention delegates or officers secretly.

THESE UNIONS have a membership of 3½ million who at least can choose representatives to talk for them at conventions — where they don't vote directly themselves.

To make matters worse there now is a growing tendency to run national conventions less frequently.

The Teamsters and a score of other major unions run their conclaves every five years. Sessions each four years are rapidly becoming the norm.

The answer given the members is the excessive cost of these gatherings — most of which are held at great distances from the center of membership activity.

The Teamsters' last shindig was run in Los Angeles. This September it is scheduled for Miami Beach. This keeps the rank-and-file committees away from national officers whom they rarely see.

And these are no tea parties — though there certainly is taxation without representation.

Try Hot Potato Salad

That savory concoction known as Hot Potato Salad is fine fare for a family supper. Recipes for this salad vary; this version is a mixture of potatoes, onion, celery, green pepper and sweet mixed pickles. The dressing for the salad is made with bacon, bacon drippings (in place of oil), vinegar and other seasonings.

We've added a couple of frankfurters to our salad, too, for extra zest and we like to serve it with hamburgers as a change from the usual burger accompaniments. For crisp munching with this main course we like raw vegetables: radishes, celery, tiny bouquets of water cress in bright carrot rings or bands of scarlet pimiento.

A bread accompaniment to the salad should be something as crisp as a French loaf. Cut the loaf into diagonal slices, but not all the way through, and slather the cuts with a flavorful spread. Add one of the following to butter or margarine to make the spread: a crushed garlic clove; grated cheddar cheese and paprika; a mixture of herbs.

We like a fruit compote after such a menu and usually offer cookies, too. For the compote you might mix buffet-size cans of

pineapple and dark sweet cherries with fresh grapefruit sections. The pineapple and grapefruit may be mixed together well ahead of serving time and refrigerated; the cherries may be chilled in their can and then spooned over the other fruit at the last minute.

What sort of potatoes to use in the salad? That's a matter of preference. Some cooks — and eaters, too — like potatoes that are waxy and hold their shape. Others like potatoes that are dry and mealy, and they don't mind a bit if the potatoes get a little mashed.

Savory Hot Potato Salad

Ingredients: 4 medium-sized (about 1 1/3 pounds) potatoes, 2 slices bacon, 2 or 3 (about 1/4 pound) frankfurters, 1 small onion (finely diced), 1/4 cup finely diced celery, 1/4 cup finely diced green pepper, 1/4 cup coarsely chopped sweet mixed pickles, 1 teaspoon salt, pepper, 1/2 teaspoon celery seed, 1 1/2 teaspoons prepared mustard, 2 tablespoons sweet pickle liquid, 2 tablespoons (about) cider vinegar.

Method: Pare potatoes and cut into halves or quarters if necessary so they will be the same size. Barely cover with boiling water and cook rapidly, covered, until tender. Drain and shake potatoes in pan over heat to dry. Dice potatoes, return to saucepan and cover to keep warm. With scissors or sharp knife, snip or cut bacon into 1/2-inch strips. Cut each frankfurter into 4 crosswise pieces. Put bacon into 10-inch skillet over low heat; cook, stirring often, until crisp. Add frankfurters, onion, celery and green pepper to bacon and drippings in skillet. Cook gently, stirring often, until vegetables are lightly browned — 5 to 10 minutes. Add chopped pickles, salt, pepper, celery seed, prepared mustard, sweet pickle liquid and 2 tablespoons vinegar to skillet; mix well. Add diced potatoes. Heat, stirring gently to douse potatoes with dressing. Taste and add more vinegar, salt and pepper if needed. Makes 4 servings.

Carolyn Gottschal Is Feted At Shower

Miss Carolyn Gottschal of Benton Road, bride-elect of John VonTuchlinski, of Columbiana, was surprised at a bridal shower Thursday evening at the home of Mrs. John D'Antonio of E. 11th St.

Thirteen guests were present from California, Lisbon, Salem, and Damascus. Game prizes went to Mrs. Forrest Hill and Mrs. Paul Gottschal. The special prize was awarded to Miss Helen Martin.

A pink and white color theme was used when the hostess served refreshments. The table was graced with a bouquet of pink and white sweetpeas and a miniature bride and bridegroom on a gift-wrapped cake. Miss Marcia Gregg assisted the hostess.

Miss Gottschal is the daughter of Mr. and Mrs. Paul Gottschal of Concord, Calif. Mr. VonTuchlinski, formerly of Germany, resides with his brother, Paul, in Columbiana. His parents are Tedos and Dr. Frances VonTuchlinski of Stolp, Germany.

Trinity Church Women Appoint Committee

Members of a standing committee and the executive board were appointed when officers of the newly-inaugurated United Lutheran Churchwomen of the Holy Trinity English Lutheran Church gathered recently in the home of Mrs. George D. Keister of S. Union Ave.

Appointees include Mrs. Calvin Funk, membership; Mrs. John Kryk, education; Mrs. Herbert Platt, Christian service; Mrs. William Lewis, offerings.

A survey of all present organizations in the church will be executed before the circles will be drawn in the membership, it was decided.

Girl Scout Delegates Are Named

Delegates to Camp Julia Crowl were named at a meeting of the Salem Council of Girl Scouts Tuesday morning in the Memorial Building.

Sally Snyder of Troop 31, daughter of Mr. and Mrs. Robert Snyder and Wanda Hayes of Troop 28, daughter of Mr. and Mrs. Aubrey Hayes, were elected as delegates. Alternates are Marilyn Fenton of Troop 31, daughter of Mr. and Mrs. Alton Fenton, and Sally Shears of Troop 28, daughter of Mr. and Mrs. Harold Shears.

It was decided by vote that the new pioneer camp to be established at Camp Merrydale shall be named "Camp Eddie Howell." May 18, 19, 25 and 26 have been designated as "clean-up" days at Camp Merrydale. There will be no formal camp open house this season. Parents and interested friends will be welcome at any time.

Mrs. Ray Stiver, camp committee chairman, reported on a committee meeting held Sunday at the camp. A gift of money was received from Xi Gamma Beta Sorority for the purchase of an incinerator at camp. Cash gifts also have been received to help with the cost of employing a camp counselor.

Mrs. F. S. Barckhoff Jr., program chairman, reported that Brownie Play Day will be held sometime in the fall. Girl Scout Recognition Day will be held May 11 at 1:30 p.m. in the Salem High School. April 29 at 7:15 p.m. in the Presbyterian Church, there will be a Court of Awards program.

The Senior Girl Scout Troops are working on "Friendship Kits" to be sent to the flood disaster areas in West Virginia and Kentucky.

Mrs. Edward Feller, organization chairman, reported on the importance of troop activities being planned to suit the girls' desires and needs.

Mrs. Hayes reminded the group that April 22 is the deadline for items to be printed in the Trefoil. Mrs. Robert Gray reported that the Council dinner will be held May 8 at St. Paul School's auditorium.

The cookie chairman, Mrs. Don Beeler, said that more than 9,000 boxes of Girl Scout cookies have been sold, and that more orders are to be filled with additional shipments.

Mrs. Joseph Greenwood presided over the meeting, which was attended by 16 members. The next meeting will be May 2 in the Memorial Building.

Biscuit Tortoni, Italian Food

If you want an interesting but easy-to-prepare dessert, try this recipe for Biscuit Tortoni. Popular in the Victorian cuisine, nowadays this sweet but light concoction is most often found on the menus of restaurants featuring Italian style food.

Crumbled macaroons — the sort ¼ cup superfine granulated sugar, and egg white — go into Biscuit Tortoni. Here in New York, we can buy the macaroons at the bakery counters of a well-known chain of restaurants. And sometimes friends mail them to us from Atlantic City where macaroon-baking seems to be a specialty.

Biscuit Tortoni traditionally is served in paper cups. We used the generally available small paper food dishes in a 5-ounce size, but because this is a rich dessert you might want to choose paper containers of a smaller size.

Ingredients: 1 egg white, salt, ¼ cup superfine granulated sugar, 1 cup heavy cream, ¾ cup fine dry macaroon crumbs, 1 teaspoon sherry extract, paper food dishes (each 5 ounces).

Method: Beat egg white and salt with rotary beater (hand or electric) until stiff but not dry; fold

in sugar gradually. Without washing beater, beat cream until about as stiff as mayonnaise; it should not be beaten very stiff. Fold egg white, whipped cream, ½ cup of the macaroon crumbs and the sherry extract together. Turn into paper dishes and sprinkle with remaining ¼ cup macaroon crumbs. Have freezing compartment of refrigerator set at coldest setting. Freeze dessert without stirring — this will take about 2 hours. Then cover desserts — using waxed paper, aluminum foil or transparent plastic wrapping — and hold desserts with refrigerator setting at "normal" so Biscuit Tortoni will be firm but not frozen hard. Makes servings.

Note: If macaroons are soft, let them stand loosely covered at room temperature for a day or two to dry so they will crumb easily. When soft, almond-paste macaroons are impossible to roll and will not go through a food chopper or grater easily.

Italian Style Menus
If you would like to serve Biscuit Tortoni as the dessert on an Italian-style supper, here are suggestions:

1. Start off with roasted pimientos and anchovies. (Italian-style

roasted pimientos come in 7½-ounce jars.) Drain the pimientos and leave them whole; criss-cross a couple of anchovy fillets over each. Go on to spaghetti with tomato-meat sauce or tomato sauce with meat balls, then a tossed green salad dressed with olive oil, wine vinegar, salt and freshly ground pepper. Have crusty bread or rolls to serve with both the first and the main course.

2. Start off with the hearty Italian soup, Minestrone — a mixture of fresh vegetables, dried beans, macaroni, stock. Go on to veal chops and mashed potatoes with broccoli dressed with olive oil and lemon juice. Have a bowl of radishes and celery at hand to add crisp texture.

3. Start off with antipasto of artichoke hearts, paper-thin slices of Italian salami, crisp cucumber rounds or celery sticks. Go on to thin slices of steak pan-fried with a tomato sauce, rice and zucchini. Have a good green salad and bread or rolls.

Girl Scouts To Aid Cancer Fund Drive

About 75 Salem Girl Scouts will canvass the city Sunday afternoon in the house-to-house quest for funds for the local Cancer drive.

The Girl Scouts will meet at the Memorial Building Sunday at 12:45 p.m. and will leave for the canvass from there, returning afterward for refreshments. Ethel Minnamy is supervising the scout portion of the project; and John Herman Jr. of the American Legion is in charge of routing and transportation.

Atty. Guy Mauro and James Prim Jr. are heading this year's drive; while Orin Naragon is acting as campaign treasurer.

Patrol Auxiliary To Convene Wednesday

LISBON — The State Patrol Auxiliary meeting scheduled for last night at the Legion Home was cancelled and will be held next Wednesday, according to Auxiliary Capt. Merle Burson. A district auxiliary meeting will be held in Massillon May 19.

House To Vote On Budget Cuts

17 Roll Calls Set On Spending Slash

WASHINGTON (AP) — The House faced the wearing prospect today of 17 roll-call votes to determine whether it wants to make official one of its sharpest budget-cutting drives in years.

The votes were scheduled on 17 separate amendments which trimmed \$68,647,300 from new appropriations for the Departments of Labor and Welfare and the National Labor Relations Board. The reductions, added to cuts previously made by the Appropriations Committee and upheld by the House, amounted to \$187,422,000 from a total of \$2,981,277,581 requested by President Eisenhower.

House-Sponsored All the House-sponsored reductions, enforced by a coalition of Republicans and Southern Democrats, were tentative but most of them were imposed by hefty margins on standing votes. If the House stands fast, it will boost to almost one billion dollars its total cuts on new appropriations for the year starting July 1.

The Senate, which frequently restores many House-voted cuts, has not acted on any appropriation bills.

Sen. Robertson (D-Va.) said Secretary of the Treasury Humphrey has asked the Senate to restore \$8,205,000 of a \$2,364,000 cut made by the House in Treasury Department funds. Humphrey had told an Appropriations subcommittee headed by Robertson he would accept the House cuts.

New Planes Sought But the senator said he since has received a letter from Humphrey asking restoration of funds for replacement of Coast Guard planes described as antiquated.

Humphrey has been one of the strongest advocates of budget-cutting, and his chief assistant, Under Secretary W. Randolph Burgess, carried on the drive Wednesday. Burgess told the Senate Finance Committee as "a very personal opinion" that he thought it would be "a sound thing" if President Eisenhower's \$71,800,000 spending budget were cut by two or three billion dollars.

Eisenhower had just told his news conference that "I don't anticipate any (budget) changes in terms of amounts big enough to, to be, let's say, startling. I am not thinking in terms of two billion dollars for example."

Behind the House drive to cut the money bills was the hope of many members that the reductions might make possible a cut in taxes next year, a congressional election year.

Pay Cuts

Continued From Page One

The governor has put himself in an embarrassing spot by publicly admitting an error in asking for the pay raises. They (the Democrats) are just trying to keep the matter in the public eye—just getting as much political mileage out of it as possible.

Wednesday's Senate session opened at 11 a.m., 2½ hours earlier than usual, for the special purpose of passing the pay-cut bill. The atmosphere was as tense as in Ohio Stadium before the kickoff of an Ohio State-Michigan game.

Both sides had finished "locker room" caucuses; the Democrats had decided to use their only real weapon, the fact they control slightly more than one-third of all Senate votes. With Senate rules requiring a three-fourths vote to suspend rules which stood in the path of speedy floor vote on the bill, the Democrats were ready to do battle.

Then Mechem pulled the rug from under their feet. He moved a 2½-hour recess. Everyone in chamber howled, even the Democrats who were all cocked and primed, but left with nothing to shoot at.

At 1:30, Mechem moved for another recess—this for a Republican huddle. When the session reconvened, the Senate moved to the order of business known as "bills for second reading." The pay bill was the only one on Wednesday's calendar in that category. Normally, the rule requiring that bills be read in full is suspended and the clerk reads them by title only.

But Wednesday Mechem didn't ask for suspension of the rule. Assistant clerk Ellsworth (Jack) Lett went ahead manfully and read the whole bill aloud—a 12-minute chore.

Mechem told newsmen: "There will be no rules suspensions on this bill."

As soon as the reading was finished, the bill was sent to the Finance Committee. During another recess, the committee held a 12-minute hearing, approved the bill and reported it back to the full Senate.

Approved is a rule a committee-approved bill must "lay over" a full legislative day before the Senate may vote on it. Under usual circumstances, Mechem might have moved for suspension of this rule, but he didn't.

But there is no rule which says senators must have a day off on Friday—and this week they apparently won't.

Postoffice Lobby Crumbling

It's "heads up" when you walk into the Salem Postoffice these days.

A leaky roof, which has plagued postal officials for nearly a year, has caused plaster molding in the ceiling to crumble and fall to the floor near the stamp window where the public waits in line. Water from the current spring downpour is dripping through to the floor below and causing more plaster to fall.

and freezing rain Wednesday night, but they were replaced by a steady rainfall.

Electric power service was disrupted in scattered portions of the Dayton area and most of the town of Oxford was without electricity late Wednesday.

Oxford Power Restored
Power was restored to Oxford early in the evening, but crews worked through the night to put most of Dayton's disrupted service back in shape.

Evacuation of families from low-lying areas along the Miami River in the Dayton suburbs of Eldorado Plat and Miami Villa continued today as the river rose at a rate of about a foot an hour. A low spot on U.S. 40 near Vandalia was reportedly under nearly a foot of water and several secondary roads in the area were closed.

The weather bureau said rain is expected to continue most of the day with somewhat higher temperatures expected during the next 36 hours.

A six-hour tornado alert for southwestern Ohio was lifted Wednesday night without incident. Tornado winds and severe thunderstorms were reported in portions of rural western Kentucky, but Ohio escaped any unusual winds during the period of the warning.

The Cincinnati area, with 2½ inches of rainfall already recorded, may get another inch during the day, the weather bureau said.

1,000 Telephones Out
Lebanon, some 20 miles to the north, reported 1,000 telephones out as 150 poles fell under the weight of ice which formed Wednesday night.

In Middletown, 2.88 inches of rainfall was recorded by this morning and it still was raining.

In Green Springs, Sandusky County, the heavy rains caused a backup of sewers into the public school and 600 pupils got a holiday.

The storm was blamed for a fire which destroyed 17 head of cattle and caused an estimated \$8,000 damage to the Pride of Lima.

In the Vaughnsville area of Putnam County and in parts of northern Allen County, 125 telephone poles were reported fallen, snapped by the wind whipping ice-covered lines.

Attempts to phone Van Wert were met with operators' reports that lines were down and calls could not be placed to that city.

The first passenger flight in history, not to be confused with the Wright Brothers' first airplane flight in 1903, took place on May 14, 1908. The latter flight was to test a plane for delivery to the U.S. government.

Damascus Ruritans Hear YW Speaker

J. M. Panas, general secretary of the Alliance YMCA, was guest speaker at a meeting of the Damascus Ruritan Club Wednesday night at the Damascus Methodist Church.

The 25 in attendance enjoyed a dinner served by women of the church. Joe Moore was welcomed as a new member.

Panas talked of the different situations encountered in his work and the help given to juvenile delinquents in the interest of the city. He also mentioned the drive for a new "YW" building in Alliance.

New projects were discussed including the bypass of Route 62 and the need for a blinker light at the intersection of Route 62 and Valley Road and also Route 62 and the Garfield Road in Damascus.

The next meeting will be "work night" May 1, to clean up the Community Center.

Big Money Bill Ready For Vote

No Raises Included For Ohio Employees

COLUMBUS, Ohio (AP)—The big money bill of this session of the Ohio Legislature is on its way to an expected floor vote Tuesday. It contains few changes from the bill recommended by Gov. C. William O'Neill.

The House Finance Committee approved the general appropriations bill, 18-0, Wednesday night after five weeks of hearings and study.

Chairman J. Frank McClure (R-Ashland) was unable to furnish an exact total immediately, but he said it was only about \$150,000 to \$200,000 above the record \$1,149,000,000 recommended by Gov. O'Neill.

The bill, which covers the state's operating expenses for the two-year period, contains nothing for pay increases for state employees, McClure said.

But, he added, another bill will be introduced later to provide salary increases for employees in the lowest pay bracket—under \$300 a month. The amount of these increases will be determined by the amount of money available and will be fixed by a subcommittee of the Finance Committee, McClure told newsmen.

Two other big appropriation bills still are pending in the Finance Committee because the O'Neill administration broke with tradition and divided major state appropriations in the next two years into three measures.

The larger of the two other bills appropriates \$412,039,000 for such local benefits as public school and tuberculosis subsidies.

The other appropriates \$145,621,000 for state assistance, principally

ally Aid for the Aged, Aid to the Blind and the like.

The House Finance Committee will tackle these bills next, McClure said, but little can be done to change them because they cover state costs fixed by law.

The increase over O'Neill's recommended figure will be covered by the anticipated passage of a bill slashing recently approved salary increases for state officials at the Cabinet level. About \$170,000 will be saved by cutting the salaries—most of them to the levels existing before the O'Neill-inspired pay raise of three months ago.

Fraternal Order of Eagles, Quaker City Aerie 316, elected officers at its business meeting Tuesday evening. The following were elected:

Worthy president, William Ingledue; worthy vice president, Ralph Gregg; worthy chaplain, Albert McKay; secretary, John Cosgrove; treasurer, Arthur Stark; worthy conductor, Jerry May; inside guard, John Holk; trustee for three years, Hazen Kelly; trustee for unexpired term of one year, Forrest Bowman.

Installation of officers will be held at the June 4 meeting. Weekly sessions are held Tuesday at the home.

WORKERS WIN RAISE

PITTSBURGH (AP)—Members of the International Chemical Workers Union employed at the Linde Air Products plants in nearby Mifflin and Corliss will receive a 12-cent hourly wage increase and other benefits under a new two-year contract signed by the union and company Wednesday. Linde's Youngstown, Ohio, plant, is still being struck, however, by the Oil, Chemical and Atomic Workers Union over wage provisions in a new contract. The strike began Jan. 25.

BEER CARRIERS NABBED

MERCER, Pa. (AP)—Three Pennsylvanians were arrested and fined \$50 each during the past week on charges of transporting untaxed beer from Ohio into Pennsylvania. State Liquor Control Board agents reported Wednesday. Names of the three were not disclosed.

Convict Rejects Parole To Help Other Prisoners

SANTA FE, N. M. (AP)—A young convict has refused parole from the state prison because he says he feels it is his mission to help 34 other convicts to a fair chance at a decent life.

John Corrier, sentenced for forgery, could have returned to a good job in his home town of Las Cruces two months ago. But he turned down freedom to remain behind bars and continue teaching radio and television electronics to a group of inmates.

"These men wouldn't be here if they had ever had a chance to get an education and make a decent living," Corrier said, waving a hand at his class. "If they can learn this electronics trade and get a class-B license from the Federal Communications Commission it means they will have their chance for the first time. And they won't be back here again."

"I'm one of the lucky ones," the convict-teacher added. "I've got a job waiting for me in Las Cruces. But there are more than 50 men in here right now with paroles waiting for them who can't get out because they can't find a job."

He said he doesn't want to leave the prison until his electronics course is organized and can be carried on.

RESTAURANT OWNER ROBBED

COLUMBUS, Ohio (AP)—Albert Hawraney, 49, owner of a South Side restaurant, was robbed of \$2,400 by two masked gunmen Wednesday night. He told police the men were waiting for him in the darkened garage of his suburban Bexley home.

Juke Box Business Now Being Probed

NEW YORK (AP)—Robert F. Kennedy, chief counsel of the Senate Rackets Investigating Committee, says Senate probes are looking into possible labor-management collusion in the juke box and automatic coin machine field.

Kennedy said Wednesday in a statement the committee was convinced there was a close link between underworld figures in control of some employer and union groups supplying and servicing vending machines in big cities across the nation.

Kennedy, in New York to check on the progress of the probe, said the committee would be aided by the Federal Trade Commission in tracking down any racketeering in the vending machine business.

The probe stems from evidence the committee received during its recent hearings on Teamsters Union affairs, Kennedy said.

O'Neill Says He'll Act To Curb Bingo

COLUMBUS, Ohio (AP)—If local law enforcement agencies cannot keep bingo playing under control Gov. C. William O'Neill says his office will step in and take action.

Reports of bingo activity have come into O'Neill's office in increasing numbers from northern Ohio. Authorities have shut down "charity" bingo in Portage and Medina counties, and are expected to take similar action soon in Lorain and Ashtabula counties.

Ohio law says no one can operate a lottery for "his own profit," but some authorities have felt that if proceeds from bingo go to charity, it is not illegal.

Wednesday, however, O'Neill told newsmen "bingo is illegal in Ohio and it is up to local officials to enforce the law."

"Law officials are expected to do their duty and when there is any breakdown in law enforcement, this office is going to take some action."

25 Million Appropriated For Graduate Study

NEW YORK (AP)—The Ford Foundation announced today it has appropriated 25 million dollars for a "coordinated attempt to meet the serious shortage of qualified faculty members in our colleges and universities."

The appropriation will be used for extension and development of the National Woodrow Wilson Fellowship program. It will provide graduate fellowships to prospective college teachers at the rate of 1,000 yearly for the next five years.

BRISCOE GETS DEGREE

Prior to the convocation, the lord mayor will be greeted by Mayor Anthony J. Celebrezze on City Hall steps.

CANNED SMARTNESS—

Leave it to a G. I. for ingenuity. The lads of the honor guard of the Sixth Army headquarters at the Presidio, San Francisco, live by spit-and-polish military smartness. They were sad over the droopy overhang of their trousers when stuffed into combat boots. Then some anonymous hero had a brain storm. He took empty gallon cans, like those displayed above by Cpl. Vernon McFarlan, of Caldwell, Idaho, cut them to size, taped the edges to prevent snagging and put one at the bottom of each pants leg. Photo below, showing the sharp and the droopy, tells the story of the sartorial sensation.

House Rejects Funds For Sewer Plant Aid

WASHINGTON (AP)—The House today refused to provide further funds to continue the program of federal aid to municipalities for construction of sewage treatment plants.

By standing vote of 162-140, it struck from a pending appropriation bill the entire \$50,000,000 allotment for the program for next year. The vote is subject to a roll-call count later.

It was the biggest cut imposed thus far by the House on a bill originally appropriating \$2,800,000,000 to finance the Labor and Welfare departments for the fiscal year starting July 1.

Indicted For Murder

YOUNGSTOWN, Ohio (AP)—A grand jury Wednesday indicted Willie Mitchell on a first degree murder charge in the fatal stabbing Feb. 17 of Julius Carcone during an argument at the victim's grocery store.

Episcopalians To Launch Fund-Raising Drive

CLEVELAND (AP)—The Episcopal Diocese of Ohio will open a drive to raise \$1,235,000 for new buildings June 14, the denomination announced Wednesday. A special diocesan convention will be held April 30 here to explain the drive to churchmen who will conduct it in the 95 parishes scattered through 48 counties of northern Ohio.

All of the funds collected will be spent in the diocese, with \$700,000 going for new buildings for 14 missions which later are to repay the fund for the construction loans. Another \$300,000 is earmarked for a new diocesan headquarters to replace the present one here.

Among members of the central executive committee planning the drive is Donald K. Merwin of Canton.

What Will Burglar Do With Church Pulpit?

AKRON, Ohio (AP)—What does a burglar do with a stolen church pulpit? A pulpit, valued at \$250, and cash amounting to \$300, including \$7 from a poor box, was stolen Wednesday from the Temple of Wisdom, the Rev. Nathaniel J. James reported. The burglar broke a pane of glass in the front door and reached inside to open it.

GRAIN ELEVATOR BURNS

PIQUA, Ohio (AP)—Fire, apparently started by lightning, Wednesday night destroyed a grain elevator containing 35,000 bushels, two trucks and machinery in nearby Fletcher. State police received an unofficial \$100,000 damage estimate from manager Lester Clark.

Owners of the elevator were listed by police as John and Nelson Russell of Hilliards.

Texas May Legalize Spending Foresee Wet, Chilly Spring

State Funds For Bragging

AUSTIN, Tex. (AP)—They're not so worried about carpetbaggers down here now and the Texas House has passed a bill to make legal use of state funds for bragging.

The proposed constitutional amendment, passed 117-21 by the lower house Wednesday, would allow Texas to use state funds to advertise its educational, recreational, industrial and natural advantages to people in other states.

This has been going on for quite some time, however, on a sort of private enterprise basis. Why, hardly anyone doesn't know Texas as is the greatest of all states.

But after the Civil War, War for the Southern Confederacy, the state's constitutional writers were concerned over the invasion by Yankee carpetbaggers. So they included a section to ban spending of public funds "for the purpose of bringing immigrants into Texas."

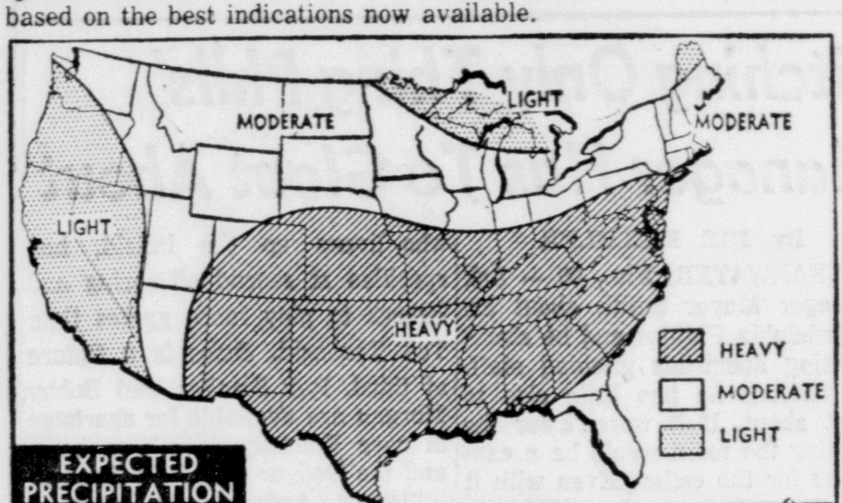

The Texas Senate has passed a similar bill and if the two houses can get together on some minor points, the measure will go to the people for a vote in November 1958.

OPPOSE AIR AGREEMENT

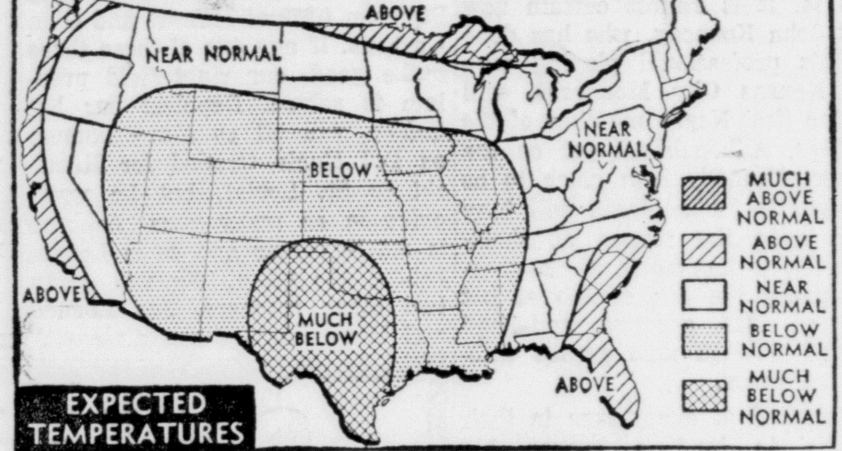

WASHINGTON (AP)—Sens. Brickner (R-Ohio) and Magnuson (D-Wash.) Wednesday asked President Eisenhower by telegram to suspend negotiations on an air agreement with the Netherlands, pending a "complete review."

The Royal Dutch Airlines, KLM, is seeking new routes that would have New York, Los Angeles and Houston as stopover points.

Northern and Pacific Coast areas will escape heavy downpours from now to May. Spring rains are expected to beat down in great volume on the Southeast and Southwest, with only Florida missing the torrents.

Much of the nation can expect to be chilly from now until May, with a great portion experiencing below-normal temperatures for the period. Texas and portions of Oklahoma and New Mexico will do the most shivering.

Troops Disperse Rioters In Chile

4 More Slain, 500 Arrested

SANTIAGO, Chile. (AP)—Troops enforced a nervous peace in Chile's capital early today after dispersing bands of anti-inflation demonstrators and looters with machinegun fire.

At least 4 more persons were reported killed and about 500 were rounded up in a new outbreak Wednesday night in the capital. The violent disorders have swept Santiago for two days.

A large detachment of troops routed about 150 persons who had holed up atop a small hill in the center of the city. The authorities said this group was a band of looters who had hidden while waiting for nightfall to cover their depredations.

Earlier the troops routed another band of demonstrators from a downtown building with intense gunfire.

Daylight Wednesday brought a resumption of the demonstrations that have plagued Chile more than a week in protest against skyrocketing living costs. Police and troops clashed repeatedly as mobs surged through the streets.

Reports of the number of casualties conflicted. Reliable non-official sources estimated at least 44 persons had been killed and from 165 to 350 injured. Property damage was put at more than two million dollars.

A state of siege was declared over the entire country Tuesday night by President Carlos Ibanez's government, but the rioters defied the emergency military law to continue their protests. Truckloads of demonstrators poured in from the outlying poorer sections of Santiago to join in Wednesday.

A crowd of about 1,000 attacked police and army troops. An assault on the Pan-American Bank was turned back by gunfire. The presidential palace and other government buildings were stoned. Practically all street lights in the downtown area were broken. Traffic police booths were smashed and burned. Automobiles were damaged.

Ibanez has blamed the outbreaks on international communism and lawless groups seeking to damage the country's economy. Chile has been hit by soaring living costs since the end of World War II, and the 79-year-old Ibanez has several times decreed a state of siege to deal with strikes and disorders.

The latest wave of violence was set off by a 50 per cent increase last week in bus fares — from 2 to 3 cents.

Dog Gets Meat For A'd In Capturing Burglar

CHICAGO (AP)—Rocky, a husky foxhound, got his reward — 14 pounds of juicy steak — Wednesday as his share in an award given by the Chicago Currency

Exchange Assn. for the capture of burglars.

The association's \$1,000 prize was divided in \$333 shares by Rocky's owner, Junius Harrell, a truck driver, and two policemen for their part in capturing robbers of a currency exchange last April.

14. Harrell spotted the burglars after Rocky began growling and pulling him toward the exchange door.

The extra dollar of the prize money was given to Rocky, the first dog ever given an award by the association.

Boy Sobs At Funeral Of Family He Killed

ST. JOSEPH, Mo. (AP)—Daniel Woolridge, 14, sobbed uncontrollably when he was brought from jail Wednesday for the funeral of his father, his mother, a sister and a brother.

Daniel is charged with shooting them Sunday after he quarreled with his parents over going for a ride. It was his first show of emotion since he was put in jail Sunday night.

An older brother and an older sister rushed to Daniel and embraced him when officers escorted him into the semicircle of four caskets containing the bodies of Mr. and Mrs. Ossie Woolridge, Paul, 6, and Delores, 11.

CHARGED WITH THEFTS

COLUMBUS, Ohio (AP)—William Alfred Gaumer, 41, Columbus, was arrested here Wednesday and charged with stealing some \$5,000 worth of loot from parked cars during the past three years. Police said Gaumer, a former convict, admitted stealing from 150 to 200 autos in Columbus and Franklin County.

Stiffer Penalty Looms For Slaying Game Protectors

COLUMBUS, Ohio (AP)—A proposed law to make the slaying of a game protector automatic first degree murder has been recommended for Ohio Senate passage.

But it has been expanded to cover members of the Ohio Legislature, all judges and court officers.

The proposal stems from the slaying Nov. 15, 1955, of Game Protector Irvin J. Patrick on a Fayette County farm during the opening day of hunting season.

The additions of lawmakers, judges and court officers to the list of those whose slayings would bring automatic first degree murder charges were made in the Senate Judiciary Committee.

Slayings of on-duty policemen now result in automatic first degree murder charges under Ohio law.

The proposal now goes to the Senate for a floor vote. Approval there would send it to the House.

Woman To Be Ike's Press Assistant

WASHINGTON (AP)—President Eisenhower today appointed a woman — Mrs. Anne Wheaton — to replace Murray Snyder as an assistant press secretary in the White House.

The surprise move was announced by the President in a speech before some 1,500 applauding women at the 5th annual Republican Women's Conference.

Mrs. Wheaton is director of women's publicity for the Republican National Committee.

The appointment is unusual because for the first time it brings a woman official to a top White House press post. Mrs. Wheaton, who says she is over 60 years old, is a native of Utica, N. Y., and onetime newspaper woman.

Salem Tool, Frank's Win Tourney Games

Canton, Carli, Brighton Win

5 More Games On Tap Here This Evening

By MARK MILLER

Salem Tool Sr. blasted Bliss 99-60, New Brighton Big Five clipped Carrollton Comets 66-46, Frank's Pennzoll of Youngstown whipped Salem Tool Jr. 60-42, Canton Collegians measured Midway Motors 60-42, and Carli Lumber crushed the Hill Toppers, last night in Little City tournament games played at the Memorial Building.

Salem Tool held a four-point margin at the end of the first period 14-10. By recess time they had rolled up 36 markers, and the Bliss five had tallied 26.

The two teams found the range in the third frame and hit the nets for 50 points. Tool scored 23 markers, and Bliss 22. In the final frame the Tool five got going in high gear and hit just about everything they shot as they got a total of 35 points, and held Bliss to 12.

Bruce Pumpfrey grabbed scoring honors for the winners as he scored 23 points, and Perkins tallied 20 points.

THE BIG FIVE from New Brighton led all the way as they held a 34-8 first period margin. At half time they increased that to read 26-18.

In the third quarter the Big Five tallied 14 points and the Comets added 11 markers and the score now read New Brighton 40, Carrollton 29. Carrollton outscored their opponents in the last frame 17-15.

Penkova took scoring honors with 24 points for the victors, and Wallace the losers with 17 points.

Frank's Pennzoll, winner of the United tourney, seems to be taking up right where they left off, as they rushed to a 16-10 first period lead over Salem Tool Jr. Frank's kept up the pace in the second quarter as they made 13 points, and Salem scored 10, and at intermission time the Pennzoll five still led 29-20.

Both teams tallied 12 points in the third quarter, and Frank's now led 41-32. In the final canto Frank's outscored the Tool five 19-10.

GEORGES PACED the victors with 15 points, and Beck tallied 12 for the losers.

Midway Motors set a fast pace early in their encounter and grabbed a first period lead of 16-7, but the Canton Collegians who arrived late and started the game without much practice, found the range in the second stanza and tallied 12 points, and limited the Motor five to 8 markers, but Midway still led at halftime 24-19.

Canton's youth began to tell the tale in the third period as they again outscored the Midway Motor five 16-8, to take the lead 35-32.

The Collegians added 25 points in the final frame and Midway scored 16.

Thompson hit the nets for 23 points to pace his team to victory, and Joachim and Nace made 14 points each for the losers.

In the final fray of the evening Carli Lumber warmed up in the first half as they took an 18-12 first quarter lead, and built up a 34-29 halftime margin.

Both teams were sizzling in the third canto as Carli hit the nets for 32 points, and the Hill Toppers tallied 25. At the end of three periods Carli was in front 66-54. The Lumber team was just as hot in the final frame as they tallied 33 markers and the Hill Toppers scored 19.

Shaffer and Pacer paced the winners with 25 and 24 points respectively, and Smith tallied 20 for the losers.

Games slated for tonight are Frank's Service of Canton vs Royal Oaks, 6; Salem Tool Sr. vs Collins Dairy, 7; New Brighton Big Five vs Joe's All Stars, 8; Blepp Combs vs Thomas Service, 9; and Struthers vs Bunn's Shoes, 10.

Defending Champs Set For ABC Action Tonight

FORT WORTH, Tex. (AP) — The defending team champions open play tonight in the American Bowling Congress tournament.

The Chicago Falstaffs, who took the title last year in Rochester, N. Y., challenge the Peter Hand Reserve Beer, another Chicago team, which holds the open division lead with 3,126.

The line-up includes such famous bowling names as Buddy Bonar, Bill Lillard, Don Ellis, Bill Bunetta, Carl Richards and Stan Gifford.

A seasoned performer from Chicago shot into the singles lead in the highlight of Wednesday action. Ed Kawolics rolled a towering 3-game series of 726 to overtake another Windy City kegler, Dean Overholser, who had held first place with 708 since March 17.

Kawolics had games of 236, 245 and 245.

There were no changes in the open or booster team standings Wednesday.

Zulueta Wins Split Decision Over Lopes

By WHITNEY SHOEMAKER

WASHINGTON (AP) — Orlando Zulueta, getting little zest from his latest victory, nonetheless declared himself ready today to take on Joe Brown for the world's lightweight title.

He captured a 10 round split decision Wednesday night from Joey Lopes of Sacramento, but was anything but devastating in triumph. And he didn't convince the audience.

The verdict was noisily booed, and all the cheers were accorded the loser.

Popes banged away at Zulueta's midsection, twice drawing a warning from referee Harry Volkman. But Zulueta swung the decision with spurts of sharp punching and defenses that staved off the 26-year-old truck farmer from California in the last few rounds.

Zulueta, from Havana, Cuba, meeting Lopes as a substitute for the injured Paolo Rosi, won on two cards. Volkman favored him 99-94 and Judge Benny Alperstein, 96-95. Judge Charles Buck gave Lopes a 97-94 edge.

Orlando acknowledged afterward he "wasn't in good shape" because he'd been caught short in training after a fight in Havana 10 nights ago.

Lopes took the verdict philosophically as a "break of the game," but insisted he had won.

Bobby Shantz Look Like Key Player In Swap

ST. PETERSBURG, Fla. (AP) —

When the Yankees made their big 10-man deal with Kansas City six weeks ago, everybody called Art Ditmar the key player in the swap. Now it begins to appear that little Bobby Shantz may be the surprise package.

Ever since 1952 when Bobby wound the New York club around his finger and won the title of "fifth infielder" with his ball-snaring ability, Casey Stengel has drooled at the mention of Shantz.

"That little fella," as Casey calls him, has won only 13 games while losing 26 in the four years since that glorious season when he was the Most Valuable Player in the American League and top winner among the pitchers, with a 24-7 season.

Shantz's career ran into a discouraging series of broken bones and arm and back miseries after that. In 1954 he pitched only eight innings all season. The next year he got into 23 games and last appears in 45 for Kansas City, where he moved with the franchise after the '54 season.

Presumably Shantz, now 31, was headed for a career in the Yankee bullpen when he reported for spring training. He may wind up there too, for Casey is well-stocked with starting pitchers. If that is what Stengel really wants, Shantz will be glad to oblige but he still thinks he can be a starter.

In the first 15 innings he worked in the exhibition games, he allowed only three runs.

Foot Of Snow Cancels Indian-Giant Game

SALT LAKE CITY, Utah (AP) —

A foot of snow forced the Cleveland Indians and the New York Giants to cancel an exhibition game in Denver, Colo., scheduled for today. Instead, the game will be played here and the teams will move on to Wichita Falls, Tex., tomorrow.

Dodgers, Braves Battle To Tie

Tigers Beat Cards, Chisox Trim Yanks

By ED WILKS

The Associated Press

It's an improbable itinerary, but what likely will be the best two-team fight for the National League pennant currently is holding one-day stands in Jacksonville, San Antonio, Houston, Fort Worth, Dallas, Oklahoma City, Tulsa, Wichita and Kansas City.

That's the route — termed "the Pneumonia Circuit" by Brooklyn Dodger President Walter O'Malley — to be followed by the champion Dodgers and the "we'll-do-it-this-time" Milwaukee Braves as they wind their way home to start the real thing.

They looked for real in Jacksonville Wednesday, wrestling through 10 innings to a 2-all tie and leaving it that way to enable the Braves to hop a commercial airliner for San Antonio. The Dodgers used their private plane for such things.

Don Newcombe, pitching for the Dodgers, was tagged for seven hits in his six frames — one a second-inning, and first-of-the-season, home run by Bobby Thomson, and another a fourth-inning home run by Johnny Logan, who was 4-for-4. Clem Labine finished on the mound.

Newk squared it at 1-all with a home run in the third and the Dodgers then made it 2-1 in their fourth on a Duke Snider single, a walk and Gino Cimoli's single. Young Ray Crone went nine and then gave way to Corky Valentine's hitless 10th.

In other games, the Detroit Tigers scored three in the 10th to beat the St. Louis Cardinals 8-5; a two-run home by rookie Jim Landis brought the Chicago White Sox an 8-4 decision over the New York Yankees; and the Washington Senators used Cincinnati's prime weapon, the home run, to beat the Redlegs 4-3.

Philadelphia clipped Boston's Red Sox 3-1 on a three-run double by winning pitcher Harvey Haddix. Cleveland pushed across nine runs in the seventh to whack the New York Giants 13-6. Pittsburgh finally scored against Kansas City, beating the A's 2-0. And the Chicago Cubs ruined Mike Fournelle's full-route show by beating Baltimore 6-2.

Southpaw Jim Davis' knuckleball gave catcher Hobie Landrith all sorts of trouble, permitting the Tigers to score the tying run in the ninth on a passed ball.

The White Sox junked Tom Sturdivant's string of 21 scoreless innings in the first frame, then wrapped up the Yanks with four in the third, capped by Landis two-run blast.

The Phils got to Frank Sullivan in the second with a pair of singles and a walk filling the bases for Haddix's drive to right-center.

Pirates Ship Homer Hitter To Minors

ANAHEIM, Calif. (AP) — Dick

Stuart, who hit 66 home runs for Lincoln last year but failed to make the grade at the Pittsburgh Pirates' Florida camp because of his fielding, or rather, the lack of it, has checked into the Hollywood Stars camp.

Far from discouraged, Stuart sounded off in this fashion to sports writers: He will lead the Pacific Coast League in homers and Hollywood will win the pennant because of his bat. He will continue to strike out, but not so often. (He fanned 171 times in 141 games last year.) His fielding will improve. He will go back up to the Pirates and lead the National League in homers.

The newsmen thought Stuart had had his say and started to leave, but he had a parting word. He told them he hoped manager Clyde King of Hollywood would let him play regularly so that all these predictions can come true.

100 Apply For Coaching Job At Northwestern

EVANSTON, Ill. (AP) — More

than 100 applications for the head basketball coaching job at Northwestern are being screened but no decision is expected on the appointment for several weeks, says athletic director Stu Holcomb.

So far, only two of the applicants have visited the campus, it was reported. They were William Rohr at Miami of Ohio, former home of Northwestern football coach Ara Parseghian, and Jack Burmaster. Burmaster coached Evanston High School into the state tournament at Champaign, Ill., last month.

The Northwestern job was vacated recently when coach Waldo Fisher resigned and was made assistant athletic director.

ALPINE, Tex. (AP) — The switch of Gene Baker from second to third base not only may be the best thing that's happened to the Chicago Cubs this spring but also to Baker.

After several days of getting used to the new position, Baker blossomed into a flawless performer and is being rated defensively as the best third sacker the Cubs have had in years.

Baker, apparently realizing that a third baseman is supposed to be a lousy hitter, has taken the cue to fatten his average to .365 to lead the team.

JACKSONVILLE, Fla. (AP) — Brooklyn's Don Newcombe observed before Wednesday's Dodgers-Braves exhibition game that "Milwaukee is the toughest club for me to handle year in and year out."

The Braves added weight to his commentary as Bobby Thomson and Johnny Logan collected homers and the remainder of the squad came up with five more hits in the six innings Newcombe worked. The game ended in a 2-2 tie when called after 10 innings to permit the teams to catch planes.

SARASOTA, Fla. (AP) — Shortstop Luis Aparicio, of the Chicago White Sox 1956 American League rookie of the year, is expected to have another good season with added experience and newly found confidence.

He's batting .289 at present and says he would like to hit .270 or .275 for the campaign. He hit .266 last year.

"I think I'll improve because I'm not going for the bad pitches as much and I'm not trying to pull the ball as often," said the 5-foot 8 inch, 155-pounder.

LAKELAND, Fla. (AP) — Manager Jack Tighe says he will pitch southpaw Billy Hoelt "a couple of innings" in the next few days.

Hoelt, one of the Tigers' four starters, has been out of action with a sore arm. He reported no pain after workouts Wednesday.

ST. PETERSBURG, Fla. (AP) — Mickey Mantle, hobbled for more than a week by a foot injury, is slated to make a weekend exhibition game appearance when the New York Yankees meet the Boston Red Sox.

Another ailing Yankee, pitching ace Whitey Ford, was scheduled to face Robin Roberts of the Philadelphia Phillies in today's game. Ford has been bothered by a "tender" arm.

ST. PETERSBURG, Fla. (AP) — Stepping out of character, usually quiet Fred Hutchinson of the St. Louis Cardinals said:

"It would not surprise me if (Eddie) Kasko wound up being Rookie of the Year in the National League."

To do so, the prematurely balding Kasko would have to play regularly. Hutch has declared that Don Blasingame is his regular second baseman and Al Dark is his shortstop.

"But once he gets in there," the Red Bird manager said Wednesday, "we might not be able to get him out."

One possibility is a shift of Dark to left field so Kasko could play short, Hutch said.

SAN ANTONIO (AP) — Shortstop Pee-wee Reese, worried that he may not be able to be in the Brooklyn Dodgers' opening day lineup, today said he plans to have a specialist examine his injured shin Friday in Fort Worth.

The injury, suffered when a foul off Reese's bat struck him on the left leg, has left a huge, inflamed lump. Team trainer Doc Wendler calls it "the worst bruise of this sort I ever have seen."

Milan — Duilio Loi, 138½, Italy, stopped Karl Heinz Bick, 138½, Germany, 10.

Pitching Only Thing Phils' Manager Has To Gloat About

By JOE REICHLER

CLEARWATER, Fla. (AP) — Ask manager Mayor Smith about his Philadelphia Phillies and he starts spouting about his pitching staff. It's obvious he has little else to gloat about. If it weren't for the pitching the team would be a candidate for the cellar. Even with it the Phils face a stern fight to retain their fifth place rating of 1956.

The club's biggest need last winter was a shortstop — and it still is. It is almost certain now that John Kennedy, who has done all his professional playing with the Kansas City Monarchs, will be the first Negro member of the Phillies. Although not yet on the roster, Kennedy is a cinch to be brought to Philadelphia and may even open the season at shortstop. Up to last week, the 26-year-old paced the entire club at bat with a .500 average and had played through nine games without an error.

Rebuffed at every turn in their efforts to land a proven big league shortstop, the Phils were expected to finally close a deal with Brooklyn for Chico Fernandez, the Dodgers' second string shortstop. Brooklyn reportedly has been asking for a chunk of cash and two minor league players.

"Our pitching will have to hold us up," conceded Smith. "We don't figure to get many runs. At least, we haven't been scoring too many runs this spring. Our power is going to have to come from Rip Repulski, Willie Jones and Stan Lopata. We could use a good long ball lefthanded hitter."

The Phils tried to get Gus Bell, the lefthanded slugger, from Cincinnati but shied away when the Reds demanded Richie Ashburn and Jones in return. Trade talk with St. Louis involved the Cardinals' Wally Moon and Alvin Dark and the Phils' Ashburn and southpaw Harvey Haddix is still brewing.

Smith said "We've got four reliable starters in Robin Roberts (19-18), Curt Simmons (15-10), Jim Hearn (5-11) and Haddix (13-8). Bob Miller (3-6) and Jack Meyer (7-11) will be used both as starters and relievers." Jack Sanford (1-0), who looked so well in his lone start after his discharge from service last September also will start.

Mayo plans to promote at least three youngsters, all graduates from the Miami farm club. They are righthanders Dick Farrell (12-6) and Don Cardwell (15-7) and southpaw Seth Morehead (8-13). All three have impressed their manager with their stuff and pitching poise. Gene Snyder (7-4 at Miami) and Dick Bunker, an unheralded Notre Dame alumnus who prepped at Schenectady last year, also have looked good. Saul Rogovin, the veteran righthander, also may be kept for spot assignments. Gran Hamner, the former star shortstop who turned to pitching because of a left shoulder injury, has looked surprisingly good and may be kept on as a relief pitcher.

Ed Bouchee, a 24-year-old lefthanded 200-pounder who batted .296 at Miami, appears to have beaten out holdover Marv Blalock for the regular first base job. Solly Hemus, the little hustle guy

Fishing Outlook Poor For Ohio This Weekend

COLUMBUS, Ohio (AP) — The fishing outlook for Ohio this weekend is generally poor, the Ohio Division of Wildlife reported Wednesday in its first weekly lake and stream report.

A number of inland lakes are in fair fishing condition but water temperatures are too low to provide much fishing success, the report said.

Top Golfers Begin Masters Tourney

AUGUSTA, Ga. (AP) — The world's greatest golfers hit off today in the 21st Masters Tournament.

Poised Harvie Ward Jr. of San Francisco is an extra-strong threat to become the first amateur ever to win the championship.

A vote for Ward, national amateur champion the past two years, was registered by Byron Nelson, a two-time victor playing in the event for the 20th time.

"Harvie is hitting the ball marvelously, the best ever for him, I think," said Nelson, who could be excused for a slight prejudice in the case of the young man he helped develop. "I don't say I'll take Ward against the field but I'd be inclined to match him with any other player in the tournament."

Nelson indicated that this included such favorites as Cary Middlecoff and Ben Hogan, with whom he's had practice rounds this week.

"Middlecoff isn't striking the ball as well as he usually does," the graying cattleman from Roanoke, Tex., said. "He is keeping his feet too close together and swinging more flat-footed than I've ever seen him."

"Hogan? Well, Ben is playing well. But he isn't playing well for Hogan."

Ward teamed with Nelson in a practice tour Wednesday and shot his second straight 69, three under par, over the 6,980-yard Augusta National Course.

The general Masters situation is this: Most people are picking Middlecoff but saying, "Watch out for Hogan."

Hogan, the lean, hard Texan who has won two of these championships and four National Opens, didn't tour the course Wednesday and even passed up the special clinic because of what the announcer said was a "bad back."

"Nothing serious," Hogan said later. "I'm just a bit sore. But I'm okay. I just didn't want to hit, that's all."

Another pro who is rated a threat is 46-year-old Demaret, who has won the Masters three times. "I've changed my grip and my attitude," said Jimmy, winner of two winter tournaments. "I think I'll win it."

Washington, D. C. — Orlando Zulueta, 136, Havana, outpointed Joey Lopes, 133, Sacramento Calif., 10.

Al Rosen Sought \$50,000 To Return

CLEVELAND (AP) — More of the Al Rosen retirement story came out today—including his admission that he asked a \$50,000 salary and that he was encouraged by Bill Veck, former Cleveland Indians' owner, to consider coming back to baseball.

Rosen said Veck, now an account executive of a new public relations firm which has the Tribe as a client, called at the Rosen home at 1 a.m. Monday, awakening the third baseman turned stock broker for an hour and a half conference.

In the talks, Rosen said, he was led to believe the Indians would pay him \$40,000 to return.

Veck said Rosen must have misunderstood, because "everything I did was subject to the approval of Henry (Hank Greenberg)." Veck added: "I wasn't trying to usurp Henry's authority."

The upshot of the whole affair is that Rosen now says: "Now, no amount of money in the world would make me go back to baseball."

Fullmer, Robinson To Box On May 1

CHICAGO (AP) — Middleweight champion Gene Fullmer, aiming for his biggest payday, and Sugar Ray Robinson, aiming to regain his crown, today were to sign for their title rematch at Chicago Stadium May 1.

The formality was set for the plush setting of Tam O'Shanter Country Club, where Fullmer will set up his training camp.

Fullmer received only 12½ per cent of the gate and no television money when he dethroned the 36-year-old Robinson in New York Jan. 2. His take was \$20,915 while Robinson pocketed \$138,000.

Each will receive 30 per cent of the net gate and \$100,000 TV fee for the rematch.

After the signing, Robinson planned to return to his training quarters at Greenwood Lake, N. Y.

Are You A

Heavy-Footed Gas Hog?

You Are If You Drive Like This Character And You're Paving the Road With High-Test Dollars

By DOUGLAS LARSEN

If you're a heavy-foot-Harry on the accelerator you're paving the road with gasoline greenbacks.

In other words, if you want to improve your car's mileage get the lead out of your right foot when you drive.

This is the conclusion of studies of gas economy by the Pacific Telephone and Telegraph Co. and General Motors.

PT & T's motor vehicle supervisor A. A. Keefe set out to save \$40,000 per year by getting an extra mile out of every gallon of gas used in his fleet of 1,000 passenger cars. He started out seeking a mechanical solution but ended up achieving his goal with courses in economy driving techniques.

GM's study was based on the need to explore means of improving driving economy to keep pace with the demands for more engine performance.

KEEFE GOT ON TO his solution when records showed that mileage on the same cars varied according to the driver. The most common fault was racing away with the flash of the green light. He explains:

"On one test we did just this and averaged eight miles per gallon. Repeating the test using less speed when leaving the signal we averaged 15.3 miles per gallon and took only seven seconds longer to cover the same mile."

The GM report explains:

"In fast acceleration or racing the engine, all carburetors have a system of injecting additional fuel into the intake manifold to increase the air-fuel mixture briefly to provide the added surge."

Maintaining a steady speed and making minimum use of brakes are two more gas saving discoveries. In gas economy competition

drivers remove their right shoe so their foot will be sensitive to maintaining even pressure on the gas pedal.

ON THE USE OF BRAKES the PT & T report explains:

"When you have to use brakes you waste the energy it took to get you moving, and that means wasted gasoline."

Both GM and PT&T studies came up with a condemnation of "jack rabbit" driving. "Every time you speed up to get to the other lane you over-use the accelerator pump and it pumps gas right out the exhaust, using as fuel," the PT&T study reports.

Just plain speed is a hoggyish gas eater. For example, a car capable of 20 miles per gallon at 20 miles per hour gets 15.9 miles per gallon at 50 mph and only eight miles per gallon at 70 mph.

A GM expert explains:

"The engine doesn't lose efficiency at higher speeds as many people think and thus eat more gas. The real consumer is wind resistance. The horsepower necessary to overcome wind resistance goes up as the cube of the speed. For example, if you double your speed the horsepower requirement goes up eight times. This is basic aerodynamics."

PROPER SHIFTING and use of the clutch can be another big gas saver. Shifting in too high too soon puts a strain on the engine, causing gas to be wasted. Delayed shifting is also bad. At 20 mph, for example, second gear used 20 per cent more gasoline than high.

Automatic shifts are designed to make most efficient use of this factor.

A big gas eating habit is slipping the clutch to hold the car on hill stops. Using the brake in-

stead of the clutch in one controlled test a PT&T added 3.4 miles per gallon.

Needless idling is another gas gobbler.

GM's study revealed that low tire pressure, incorrect wheel alignment and engine in improper tune were among the most important mechanical causes of poor gas mileage.

The experts estimate that if a driver observes these gas-saving rules he can improve his mileage more than 30 per cent in some cases.

athletic Banquet Set For Area Schools

Basketball and football awards will be presented at the annual athletic banquet for athletes of New Waterford and Fairfield Schools on Thursday evening, April 11 at the New Waterford Fish and Game Club.

Two juniors will lead prospective graduating seniors during the commencement exercises. Chosen are Charlotte Snyder and Lee DeRhodes.

Ushers for the May 20 commencement program are Doris Neselrotte, Bonnie Sinsley, Ernie Guindon, and Paul Miner.

The Fairfield home economics classes and the Future Teachers of

America Club will attend a home economics career day Friday at Beaver Local School from 12:30 to 2:30 p.m. The program is being sponsored by the Alumna Association of the County Extension Service.

But it has kind of neglected the fisherman's fellow hobbyist, the hunter.

Dairymen's Assn. To Elect Officers

Salem Local Dairymen's Cooperative Sales Association will hold its annual meeting Saturday at 8 p.m. at Salem Grange. New officers will be elected, and a discussion of marketing problems will be a feature of the program.

Representatives from the Youngstown Dairy Company will be at the meeting to explain their work in promoting the use of milk in school programs.

Present officers of the local association are: President, Galen Greenstein of Salem; vice president, William Miskimins of Salem; treasurer, Russell Malmbsberry of Damascus; and secretary, Lee Vincent of Winona. Charles Malmbsberry of Damascus is advisory councilman.

There will be a social hour and refreshments following the meeting.

Man Held For Thefts From Mother's Home

DAYTON, Ohio (AP)—Clarence C. Stoner Jr., 29, Dayton, was arrested Wednesday night and charged with burglarizing the home of his mother, Mrs. Donna Stoner. Mrs. Stoner reported to police her home was burglarized four times last week. Police said they arrested Stoner when he tried to sell some of his loot to a Dayton bartender.

CAR KILLS WOMAN

COLUMBUS, Ohio (AP)—Mrs. Lucille F. Newton, 60, was struck by a car and killed on a downtown street Wednesday night. She was the wife of G. B. Newton, assistant industrial education director for Columbus schools and principal of Evening High School here. Police were questioning David C. Ambrose, 29, driver of the car, early today.

Steve Lavoie, an electronics engineer whose pastime is tracking down big game in odd corners of the world, aims to correct that lack. He's working on something really new for ardent woodsmen—an automatic dog finder.

Steve is head of Lavoie Laboratories here, a firm that has developed a number of electronic instruments for the government's highly secret defense missile program.

His idea for a radio dog locator came to him on a recent hunting trip to Colombia during which two cattle-killing jaguars were bagged.

Specially trained dogs—valued at \$500 to \$1,000 each—are used to track down the big elusive South American tiger, as the jaguar is often called.

A cornered jaguar, unless the hunters arrive quickly, may ambush and kill or maim a pack of 7 to 10 of these valuable dogs. Sometimes an injured dog will crawl off and become lost in the jungle.

Steven's radio aid to hunting is quite simple. It consists of a three-pound radio sending set attached to the dog's back, and a slightly heavier receiving set carried by the guide.

"A dog can carry such a set all day in the jungle," said Steve. "Our only problem is to put on an antenna that won't get him tangled in the brush. But even if it does we can quickly locate him and set him free."

"We'll be able to know where the pack is at all times," he added, "and can tell by the sound of the dogs' barking how close the pack is to its prey."

Does the automatic dog locator have any nonhunting uses?

"Well," said Steve, smiling, "it could be used by a wife to keep track of her wandering husband—that is, if she could get him to agree to wear the sending set."

Lavoie hopes to use the new equipment, still in the designing stage, in a hunt soon for a legendary big cat called the onza in the mountains of Mexico.

Of the 464 railroads in the United States in 1860, only sixteen are still operating under the same names as then.

Cadillac

Old Friends in a New Light!

Let's assume you've known them for some time.

And now—in the moment of a glance—you first behold them in the company of a Cadillac car.

There's just no question about it... something wonderful happens!

For the presence of a Cadillac car underscores—and most dramatically so—many of the things that enable you to think well of them.

It goes almost without saying that their Cadillac lends form and substance to whatever measure of achievement life may have brought them.

Certainly, it reveals their interest in the safety and well-being of their fellow passengers.

And, most assuredly, it evidences the wisdom with which they select their personal possessions.

Incidentally, you may have noticed, of late,

that the Cadillac car has cast its revealing light on an ever-growing number of your own friends.

There is every reason why this should be so.

Its original cost is remarkably modest—and several models are, in fact, priced competitively with those of lesser makes.

Its operating economy is extraordinary—with a record of dependability and longevity that is without equal in the industry.

And its resale value stands at the very summit in used-car markets all across the land.

Certainly, this triumvirate of Cadillac economies deserves your personal investigation—and your dealer will be delighted to tell you the whole wonderful story at any time.

Stop in soon—for a ride and a revelation!

Mrs. Marie Carroll will be associate hostess.

About the most useful frying pan a woman can own is one made of cast iron. It heats slowly and holds the heat. And it's difficult to burn food in it. Washes easily, too.

Spaghetti should not be broken up in order to get it into a pan. Put in a handful at a time and curl it around the inside of the pan. And it will taste better if you slightly (very slightly) undercook it. This is the Italian method.

News of Meetings, Helpful Hints For Farmers

Hampshire Swine Chain

Columbiana - Mahoning Hampshire Swine Breeder Association is again sponsoring a gilt chain for 4-H members. The Association will provide a registered hampshire gilt to any of the Mahoning County 4-H members selected. Members receiving the gilts are to return one gilt from the first litter.

Any 4-Hers interested in this activity are asked to contact Vernon Wehr of Berlin Center or the Agricultural Extension Office, 12 W. Main St., Canfield, O.

Berry Growers to Meet

Berry growers of Columbiana and Mahoning counties will meet in the city hall in Columbiana on Monday to make further plans for marketing of the 1957 crop. Plans will also be made for a tour to the East and for a twilight meeting to be held in June.

Thomas Colella of New Waterford is chairman of the two-county organization.

4-H District Conferences

District conferences for Mahoning County 4-H Advisors and Junior Leaders have been scheduled to discuss county and local club activities.

Arrangements for these meetings have been made by the 4-H Council members according to the following schedule:

April 4 — Frank Wylam and Donald Gray at Coitsville Town Hall 1/4 mile east of Coitsville on Rt. 422 for Boardman, Coitsville, Poland and Youngstown Townships.

April 5 — Mrs. Snyder and Mrs. Karier at New Springfield fire station for Beaver and Springfield Townships.

A schedule for the remaining townships will be announced later. All sessions will start at 8 p.m. and will have one session for all clubs, followed by separate discussion groups for agriculture and home economics clubs in each district. New or prospective 1957 4-H advisors or junior leaders are urged to attend.

Cattlemen to Meet

The Columbiana-Mahoning Beef Committee will meet at the Farmers National Bank Building in Salem on Wednesday, April 10, at 8 p.m. to plan the summer twilight meeting and to discuss other matters of interest to beef breeders and feeders.

E. C. Holloway of RD Hanoverton is president of the committee.

'Soil Bank' Base

When a farmer signs a contract

"GIRL" MEETS BOY — Luther Hawley registers two emotions — one of extreme outrage as the barber prepares to cut his girlish locks for the first time and the other of puzzlement as he gingerly feels the back of his neck where his curls used to dangle. The 27-month-old boy is the son of Mr. and Mrs. B. F. Hawley, of Midland, Tex.

to participate in the conservation reserve program his County Agricultural Stabilization and Conservation Committee will establish a "soil bank base" for his farm, according to E. A. Fishel, chairman of the Columbiana County Agricultural Stabilization and Conservation Committee.

The base determines what he can

and can not do under the program and also what rate the payments will be. His farm soil bank base is the acreage eligible for conservation reserve at the full payment rate. This rate will average \$10 an acre a year in Columbiana County. The base includes all land growing what generally are considered soil depleting crops.

The principal soil bank crops in Columbiana County are corn, all small grains, vegetables for fresh marketing or processing and potatoes, Fishel states.

His farm soil bank base for 1957 will be determined by adding his total acreage of soil bank base crops in 1955 and 1956. If weather conditions prevented planting all the soil bank base crops in the years preceding signing of a conservation reserve contract, some adjustments are possible.

These adjustments can be made upward or downward for (1) abnormal weather, or (2) change in rotation. In both the established cropping pattern will be considered by the county ASC committee.

The acres of soil bank base crops that can be harvested in any year is the farm soil bank base minus the acreage placed in conservation reserve at the regular payment rate. These are the "permitted acres." Land placed in the conservation reserve contract is not charged against the permitted acreage.

Rotated meadow land not included in the farm soil bank base can be placed in the conservation reserve at a rate of 30 per cent of that land which has been diverted from soil bank base crops, Fishel explains.

Farm Prices Unchanged

Prices received by farmers in Ohio for major farm products in mid-March averaged about the same as a month earlier reports the Ohio Crop Reporting Service. Lower prices for food grains, oil seed crops, oats, hay, calves, eggs, and dairy products offset higher prices for poultry, and most meat animals.

Prices received for meat animals averaged about 4 per cent higher than in mid-February. Price increases for sheep, hogs, beef cat-

tle and lambs varied from 30 cents to \$1 and more, than offset a 50 cent per cwt. decrease for calves. Mid-March meat animal prices averaged about 28 per cent above a year earlier.

Prices received for grains and hay in mid-March averaged a little lower than a month earlier. Wheat prices declined 2 cents per bushel during the month ending March 15, but at \$2.11 were 9 cents higher than a year earlier. Soybeans at \$2.24 per bushel were 23 cents lower than a year earlier and show a decline of a cent during the month ending March 15. Corn prices were unchanged from a month earlier and only 2 cents higher than the March 15, 1956 price.

Dairy product prices declined about 2 per cent from a month ago, with prices received for both milk and butterfat showing decreases. Dairy product prices averaged about 7 per cent higher than in March 1956.

Poultry and poultry product prices averaged 3 per cent lower than in mid-February. Higher prices for farm chickens and commercial broilers were more than offset by lower prices for eggs. Compared to a year earlier, poultry and poultry product prices averaged 21 per cent lower.

In the United States as a whole the index of prices received by farmers increased 3 points (1 per cent) during the month ended on March 15. Higher prices for meat animals, fruit, and commercial vegetables were primarily responsible for the increase in the index. Partially offsetting were lower prices for dairy products, eggs, and cotton. The March index at 237 per cent of its 1910-14 average compared with 234 in February and with 228 a year earlier.

Higher prices for farm production goods raised the index of prices paid by farmers for commodities and services, including interest, taxes, and wage rates (the parity index) 1 point during the month. At 295 this set another new high. The index of prices paid for family living items remained at the record high first recorded in February.

With both farm product prices and prices paid by farmers averaging higher in mid-March than

a month earlier, the parity ratio remained at 80, about 1 per cent lower than in March of last year.

Attend Cleveland Conference

In attendance at the Northeast 4-H Advisors' district conference held in Cleveland March 29 and 30 were Mrs. John Reynolds, Mrs. Edwin Brobst, Mrs. Anella Schwartz, Mrs. Harry Musser, Mrs. Winford Suter, Mrs. Rudolph Knittel, Mrs. Harry Karier, Mrs. Paul Schrum and Russell Woolman.

Also attending was Miss Lillian White, home economics agent. The program included speakers and discussion groups where the advisors had the opportunity to discuss mutual aims, ideals and problems. This conference was sponsored by the Ohio 4-H Foundation Fund.

PLUS — TWO COLOR CARTOONS

Who rates what for performance and smoother riding in the low-priced three? Chevrolet has laid the answer and the proof on the line!

First, Chevrolet won the Auto Decathlon over every car in its field, and over the higher priced cars that were tested, too. This rugged ten-way test (right, below) showed Chevrolet was the champ in handling ease, braking, acceleration, passing ability, smooth-

ness of ride and other driving qualities you want in a car.

Then, Chevy won the Pure Oil Performance Trophy at Daytona (left, below) as "best performing U. S. automobile."

It's quite a feeling to know that you are driving a car that performs so well, responds so beautifully and is so finely built. You feel proud, of course. But you also enjoy a surer, smoother, steadier way of going, a keen

cat-quick response of power, and the easiest handling you've ever experienced behind a wheel. Just try this Chevrolet (V8 or Six) and see!

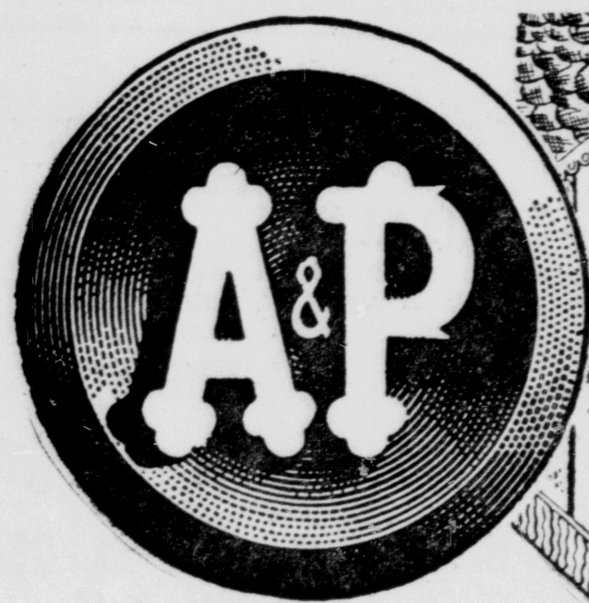

Chevy showed it's still the champ... at Daytona... and in the Decathlon!

Tapioca Gives Stability to Tuna-Celery Souffle

Adaptable to lunch, dinner and supper menus is this delectable tuna and celery souffle.

Tapioca gives the needed stability for the souffle to stay high and moist to the last bite.

To prepare the tuna dish, use 6 tablespoons quick-cooking tapioca, 1 1/2 teaspoons salt, 1/2 teaspoon pepper, 1 tablespoon grated

onion, 1 cup diced celery, 1 1/2 cups milk, 1 can (7 ounces) tuna fish, drained and flaked, 1 to 2 tablespoons chopped pimiento, 3 egg whites, 3 egg yolks.

Combine tapioca, salt, pepper, onion, celery, and milk in saucepan. Place over medium heat and cook until mixture comes to a boil, stirring constantly. Remove from heat and add fish and pimiento.

Allow to cool slightly while beating egg whites.

Beat egg whites until stiff. Beat egg yolks until thick and lemon colored. Add tapioca mixture to egg yolks and mix well. Fold into egg whites.

Turn into 2-quart baking dish. Place in pan of hot water and bake in moderate oven (350 degrees F.) 1 hour, or until souffle is firm. Makes 6 servings.

Cackleburgs the Newest

This is the wide-open season for fine quality fresh eggs. Our hens are laying at a higher rate than last year and eggs are on the plentiful list. Therefore this wonderful source of protein is now a budget buy. Eggs also make delicious meatless dishes for Lent.

Cackleburgs
 One quarter cup minced onion, 3 tablespoons fat, 2 cups soft bread crumbs, firmly packed; 1/2 cup of milk, 4 hard-cooked eggs, chopped; 1 teaspoon salt, 1/2 teaspoon celery seed, 1/2 teaspoon ground pepper, 1-3 cup minced parsley, 4 hamburger buns, carrot slices, celery sticks.

Cook onion over low heat in 1

tablespoon of the fat until it is golden brown.

Add bread crumbs and milk. Stir and cook slowly until thoroughly blended and thick, about 2 minutes. Remove from heat.

Add eggs, salt, celery seed, pepper and parsley.

Spread on waxed paper or plate to cool. Shape into 4 cackleburgs. Pan-fry in the remaining fat (2 tablespoons), turning once to brown both sides.

Serve with carrot slices, celery sticks, or favorite relish.

Golden Egg Casserole

Twelve finely chopped hard-cooked eggs, 1/4 cup diced pimiento, 1/2 cup minced celery with leaves, 2 cups (1/2 pound) finely crushed crackers, 2 cups mayonnaise, 1 teaspoon salt, 1 1/2 teaspoons garlic salt, 1/4 teaspoon ground pepper, 1/2 cup milk. Topping: Three-quarters cup cracker crumbs, 1/4 cup melted butter or margarine.

Blend all ingredients except the topping. Spread in 2-quart shallow greased casserole.

Top with cracker crumbs blended with butter.

Bake in a hot oven (400 degrees F.) 25 minutes or until golden brown. Serve hot.

Best way to save yourself an enormous batch of dishes at the end of a meal is to wash up as you go along. While you wait for vegetables to cook, wash the utensils you've already used and put them in the rack to drain.

Color and eye appeal are important to the success of any dinner. The white meat of chicken, mashed potatoes and cauliflower together present to eye appeal at all. Paprika and greens like parsley can do wonders to whet appetites for such meals.

Huge Beef Supplies Evident In April

Beef eaters will not be fooled April 1. There will be huge supplies of good quality beef available — about 7 per cent more than last year at this time.

Eggs, too, are in the superabundant class now. Here's the complete national list of plentiful foods for April, according to the United States Department of Agriculture.

Beef and eggs, turkey, potatoes, milk and dairy products, canned sweet corn, dried prunes, rice, peanuts and peanut butter.

This is also fresh green salad time. How does this one sound?

Herbed Italian Green Salad

Wash and dry 1 head escarole and tear into bite size pieces. Place in a salad bowl with 1 medium sliced red onion, 2 medium tomatoes cut into wedges, 1/2 teaspoon crumbled whole oregano leaves, 1 sliced clove of garlic and salt and ground black pepper to taste. Sprinkle with 2 tablespoons wine vinegar and 1/4 cup olive oil. Toss and serve.

Italian Meat Sauce Augments Shell Macaroni

The spaghetti dish has been modified in many ways on the American menu to suit individual tastes and imaginations.
Highly seasoned meat sauce gives an Italian effect to this easy-to-eat shell macaroni.
To prepare the meat sauce, use 1/4 cup fat, 1/4 cup diced onion, 1 small clove garlic, minced, 1 1/2 cups diced raw carrot, 8-ounce can tomato sauce, 1 teaspoon salt, 1 teaspoon sugar, 1/2 teaspoon pepper, 1/4 teaspoon oregano, 1 teaspoon kitchen bouquet, 1/2 pound chopped raw beef, 2 tablespoons tomato paste, 1/2 pound shell macaroni.
Place 3 tablespoons fat in saucepan. Add onion, garlic and carrot. Cook over moderate heat about 10 minutes, stirring frequently. Turn into mixing bowl. Add tomato sauce and seasonings; blend.
Place remaining tablespoon fat in saucepan. Stir in kitchen bouquet. Add meat and cook until crumbly and done. Add blended mixture and tomato paste. Bring to boil and cook, covered over low heat until sauce is done, about 10 minutes.
Meanwhile cook macaroni until tender in boiling salted water. Drain well. Place on serving platter and pour spaghetti sauce in center or combine macaroni and sauce. Serve immediately with grated Parmesan cheese. Makes 4 servings.

Sunday Recipes Are Extra Special

Those vegetables served with the Sunday roast or fowl should be extra special. Also the dessert. We feel that way. So does Freda DeKnight, distinguished Chicago food editor for Ebony Magazine.
Here are some of Mrs. DeKnight's Sunday recipes:
String Beans Oriental
One pound string beans, cut French style; 1 bunch green onions, coarsely chopped; 1 cup water chestnuts, sliced; 1/4 cup pistachio nuts, sliced; 1 cup chicken broth; 1 tablespoon season salt; 1/2 teaspoon sugar; 2 tablespoons butter.
Combine chicken broth, butter, season salt and sugar in a large

saucepan. Add onions, water chestnuts, pistachio nuts and green beans. Simmer for 15 minutes, turning lightly with a fork. When done, turn upside down in a serving dish. Serve hot.
String Beans in Spanish Sauce
One pod garlic, crushed; 1 No. 2 can tomatoes; 1 onion, minced; 1 pound fresh string beans, cut French style; 1 green pepper, sliced; 1 can mushrooms; 1/4 cup olive oil.
Combine all ingredients and simmer slowly for 15 minutes.
Blueberry Dumplings
One cup flour, 1/2 teaspoon salt, 1 cup sugar, 1 tablespoon lemon juice, 1 tablespoon sugar, 1/2 cup milk, dash of nutmeg or mace, 1 teaspoon baking powder, 2 cups canned blueberries, drained; 1 tablespoon grated orange rind, 1/4 cup chopped nuts, 1 cup water, 2 tablespoons shortening, 2 tablespoons butter.
Mix blueberries, orange rind, 1 cup sugar, butter, nutmeg, lemon juice and water. Bring to a boil in a large open pan. Mix flour, baking powder, salt and 1 tablespoon sugar. Cut in shortening and add milk and nuts. Drop by teaspoonfuls into hot mixture. Cover. Steam for 15 minutes. Serve hot with whipped cream.

wife has her own ideas.
Harriet Seabrook, wife of the eldest son, goes in for regional South Jersey dishes. Her steamed potatoes cooked in butter with a "handful" of minced parsley and "paper-thin slices" of onion added for flavor.
For 5 medium potatoes, cut in quarters, she uses about 1/4 stick of butter, or margarine, one medium onion, parsley, teaspoon of salt, dash of pepper — and only 2 tablespoons of water. Cooked in a very heavy pan or skillet with tight-fitting lid, over high heat until steam appears, then at low heat until the potatoes are tender, they are stirred once or twice to prevent sticking.
Her fruit shortcakes bring the family running. Her secret: use plenty of shortening, add an egg to the dough, do all your mixing

quickly and lightly.
For 6 individual shortcakes, sift together 1 cup flour, 2 tablespoons sugar, 2 teaspoons baking powder and 1/4 teaspoon salt. Into this work 2 1/2 tablespoons shortening, crumbling it with the fingers until like coarse meal.
Break one egg into a measuring cup, add enough milk to make 1-3/4 cup. Stab with a fork several times to mix. Add this to the flour mixture and with lightly floured hands knead dough into a ball. Roll out 1/2-inch thick, cut with a 3-inch biscuit cutter, put on greased cookie sheet and bake at 450 degrees F. about 10 minutes. Split the golden crisp biscuits while hot, spread with butter and fill with strawberries, raspberries or peaches, either fresh, or frozen with their syrup. Pass a pitcher of thick cream.

Good Eating Typical Of U. S. Farmers

Life "down on the farm" means luster. We learned that recently on a 54,000 green-acre farm in New Jersey. The farm is operated by three "dirt" farmers, all brothers, sons of Mrs. C. F. Seabrook.
The men run the business of growing and freezing fruits and vegetables. The women of the family run their homes and their kitchens equally well. The tradition of good eating dominates, but each

Beef Broth, Date Bread

A cup or mug of hot beef broth between breakfast and lunch, or lunch and dinner, is a new kind of "break" for busy people. Mothers like the idea, too, for their school children. Leave a glass container of the beef broth on a small electric warming plate for the youngsters to help themselves to on arriving home from school.

The broth is easy to make. For two or three servings, heat together a can of condensed beef broth and a soup can of water. Let it simmer for a few minutes to develop full flavor, then pour in-

to mugs or oversize cups. Beef broth and banana date bread make a perfect odd-hour snack.

Banana Date Bread

One and three-quarters cups sifted all purpose flour, 2 teaspoons baking powder, 1/4 teaspoon soda, 1/2 teaspoon mace, 1/2 teaspoon salt, 1-3 cup soft shortening, 2-3 cup sugar, 2 eggs, 1 tablespoon grated orange rind, 1/2 cup chopped dates, firmly packed, 1 cup mashed ripe bananas (2-3).

Preheat oven to 350 degrees F. Grease 8 1/2 x 4 1/2 x 2 1/2 inch loaf

pan. Sift together flour, baking powder, soda, mace and salt. Cream shortening and sugar together until well blended. Add eggs and beat until light and fluffy; stir in orange rind. Mix dates with dry ingredients and add alternately with bananas; beat until smooth. Turn into pan and bake one hour or until done.

Don't wash the shells of eggs until just before using them. The "bloom" on the egg shell is a protective film that keeps out odors from other foods in the refrigerator.

Youth Convicted Of Bombing Home

NEW PHILADELPHIA, Ohio (AP) — A 19-year-old New Philadelphia boy has been found guilty of setting off a dynamite bomb near the home of the probate judge who once sentenced him to the Boys Industrial School.

A jury deliberated 5½ hours Tuesday before finding Robert Haring guilty in the April 25, 1956,

bombing at the country home of Probate-Juvenile Judge Ralph Finley. The jury said Haring was guilty on two counts—possession of dynamite and malicious destruction of property.

Two other youths—both of whom also had once been sent to the BIS by Judge Finley—also are under indictment in the bombing, which did an estimated \$1,000 damage.

Norway has only four colonies, two in the Arctic and one in the Antarctic. The fourth is tiny Bouvet Island in the south Atlantic Ocean.
